Premium Wines by the Glass

The Coravin™ wine preservation system has allowed us the opportunity to bring you a sample of exceptional wines by the glass. The Coravin™ works by inserting a needle through the cork which allows us to access the wine without opening the bottle and exposing it to oxygen. Argon gas is used to displace the wine, which keeps the rest of the bottle in pristine condition.

Champagne

		150mls
Reims, France	Ruinart Blanc de Blanc Brut NV	85.00
