Key: G

BPM: 115

**Intro:** Em9 C7sus D Em11/A

### **Verse 1:**

Em9 C7sus D Em11/A

I called out to you, but You felt so far away

I hid the fire deep inside, cause You're my only safe place

### **Chorus:**

G D Em11/A Em add 2

You calmed all of my fears

Every prayer kept me burning for you all of these years

You've been faithful from the start

I've risen from this bad dream and I'm awake inside your arms

### **Verse 2:**

Em9 C7sus D Em11/A

I cried out for peace, the darkness was everywhere

I felt my walls caving in, and then I saw You standing there

### **Bridge:**

G/D D A/D Em/D

Now Heaven is a place on earth

I see that Heaven is a place on earth
