

ANNA OSETROFF
WEDDING GUIDE

It makes my job so much easier when the other vendors involved in the wedding are approachable and want the best for the couple. Anna & her team are just that, photos are amazing, captured the day perfectly. Highly recommend.

HELLO!

I'm Anna (and that's my partner Tim! -->),

Brisbane based (yes, we travel!) friendly, fun, easy going, creative Wedding Photographers!

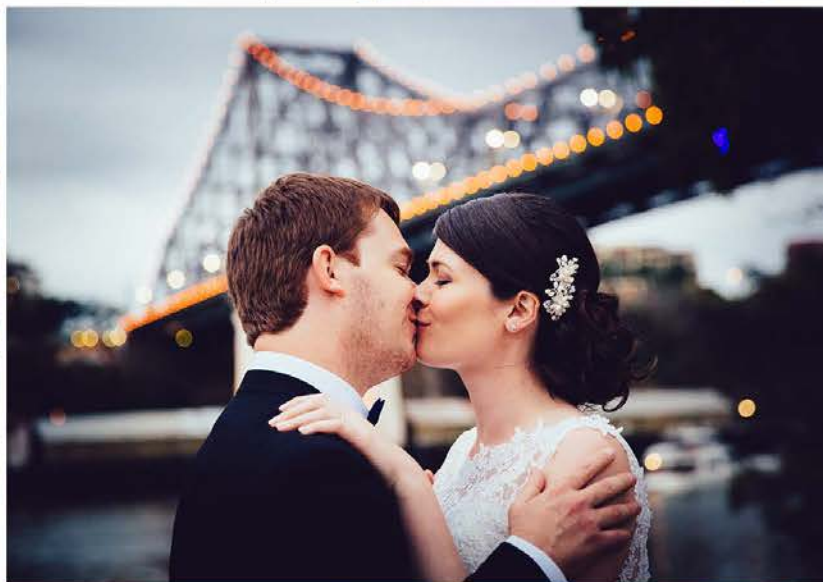

We'd love nothing more than to be your photographers on your big day!

Putting our heart and soul into every wedding we photograph. We shoot with a relaxed documentary style, capturing natural candid moments, keeping things comfortable and enjoying a laugh along the way.

We'd love to meet you! Let's get to know each other over coffee, shall we choose your favourite coffee shop?

Xoxo, Anna & Tim

I surprisingly enjoyed myself the whole day (I didn't expect to actually have fun, I thought I would be too stressed & tired!) but we both had a really fun day & this had a lot to do with the fact that we felt very comfortable with Anna & Tim.

~ Reece.

WEDDINGS

HOW THINGS WORK

FIRST THINGS FIRST

Let's have coffee! I love to meet all my couples before we get into planning. I want to get to know you and your fiancé and chat about all your big ideas for your special day. After this we fill in a booking form!

A LOCATION SCOUT

If your Wedding is local then we can go for a visit to your ceremony and/or reception location around one month before your Wedding for an ideas session (and maybe more coffee!).

If your Wedding is out of town then we'll catch up somewhere local or in my office and run through the finer details of your big day.

WAITING WAITING

Wondering how long your photographs will take? I always try to send my couples a preview of a handful of awesome photographs within a week of your Wedding. I spend lots of time fussing over and art working ALL your photographs. There is no limit to the amount of images you will receive. It can take up to 10 weeks but usually much sooner for your photographs to be finished, we'll then meet up to go through the highlights and you will receive your custom discs or USBs. Before this meeting I'll design your Album and we can go through this together to make adjustments. Albums and Prints take between 1 - 3 months from order date.

PAYMENTS

A small booking fee of 25% is required to lock in your Wedding date. A further 50% won't be due until 3 months before your big day. The final 25% isn't due until your photos are ready :)

Payment plans are certainly available if you need a helping hand.

REMEMBER

Keep me in the loop! If times, locations and people change then please just email, call or text me with an update. If there's lots of changes then please resend your booking form about a month before your Wedding. Please don't forget the group list too!

FREQUENTLY ASKED QUESTIONS

CAN WE ADD ON A SECOND PHOTOGRAPHER?

YES! When you book your Wedding with us, Anna will be your main photographer but Tim would love to join in! Priced between \$350 - \$600 depending on your chosen package.

DO YOU CHARGE TRAVEL FEES?

If your Wedding is in Brisbane then that's included ;) If you are getting married out of town then a small travel fee may apply just to cover the drive and potential accommodation.

Please note, we strongly suggest Weddings outside of Brisbane add on a second photographer for safety and back-up purposes, plus an assistant helps the day flow better :)

DO YOU TRAVEL?

My suitcase is already packed! Planning a destination Wedding? We would love to travel to your dream destination with you to capture your big day.

CAN I ORDER PRINTS AND ALBUMS AFTER MY WEDDING?

Of course, when your photographs are ready we will go through the highlights from your big day together. If you'd like to order prints we can discuss this at the meeting. If you're certain you'd love an album just let me know and I'll start designing!

CAN I CREATE MY OWN CUSTOM PACKAGE?

Sure! Let's get together for a coffee and we can create a custom package that suits your budget and requirements. We can easily adjust the hours of the packages to suit your day :)

WHAT IF IT RAINS!?

Don't worry, we've got you covered. Fancy clear umbrellas come to every Wedding with us and if it looks like rain close to your Wedding day we'll discuss backup plans and gumboots.

I WANT TO SHARE MY PHOTOGRAPHS WITH ALL MY FAMILY AND FRIENDS.

Every couple will receive their own little Wedding Webpage with the highlights of their special day. Also on your disc or USB you will receive both high and low resolution photographs of all your Wedding images, ready to be posted on facebook or emailed to everyone!

WHAT DO WE NEED TO PROVIDE YOU WITH BEFORE OUR BIG DAY?

Please send us a group photos list to be taken after your ceremony, remember we can always take more photos with your guests during the reception if you would like to spend more time on location photos. Also if you have a run sheet for the day this would be greatly appreciated.

ARE YOU INSURED?

Most certainly.

FREQUENTLY ASKED QUESTIONS

DO YOU MAKE BACKUPS OF MY PHOTOGRAPHS?

YES! I make LOTS of backups to make sure nothing can happen to your photos, I promise! I shoot dual cards on the day, which means there are instantly two copies of all your photographs. Then I make two hard drive backups as soon as I get home the night of your Wedding.

DO YOU WANT TO JOIN US FOR DINNER?

Yes, please! We work super hard on your big day, especially on full day photo shoots and would really appreciate to be included in a meal. Thanks so much!

CAN MY WEDDING GUESTS TAKE PHOTOS ON THE DAY?

We encourage guests to take photos on your special day but we also want them to enjoy your Wedding and not be caught up in technology! That's why you've hired us :) Some couples ask their guests to not take photos during the ceremony, because we've got you covered and it does make things a little easier, your professional photos will also benefit from less cameras and guests standing. We promise to upload a whole bunch of photos to a special webpage made just for you that all your guests can enjoy soon after the Wedding.

WHAT CAMERAS DO YOU SHOOT WITH?

We shoot the best of both worlds! Canon 5DMKIII for Anna and Nikon D810 for Tim, along with these we bring a whole range of fancy L series glass and lots of backup equipment, you can never be too prepared!

HOW LONG SHOULD WE ALLOCATE FOR LOCATION PHOTOS AND WHEN IS THE BEST LIGHT?

Our preference would be 1 - 2 hours but we can be flexible with what you would like. If you would like to drive to various locations then we'll need to allow a bit more time. We love taking photos in the hour before sunset, fondly known as the magic hour, it's the more flattering light and as the sun sets the light can be amazing, silhouettes anyone?!

HELP! WE CAN'T FIND ALL THE SUPPLIERS WE NEED FOR OUR WEDDING.

We've got lots of Wedding friends! If you look under Weddings on our Website you will find a list of vendors we like working with.

WE'RE HAVING A THEMED WEDDING AND ASKED OUR GUESTS TO DRESS A CERTAIN WAY...

Yes I want to dress up too!! If you have a theme or dress code just let us know and we'll do our best.
