

Yixing pottery (pronounced YEE SHING) is made with superior quality and craftsmanship. These timeless designs function in both indoor and outdoor settings. Yixing pottery is handcrafted by Asian artisans (China) and fired at high temperatures making them resistant to frost and diverse weather conditions. Each piece is created from natural Yi-Xing clay and fired with no dyes or glazes resulting in natural colors, which helps to make this collection eco-friendly.

All dimensions are in inches. Items without prices are not part of our normal stock.
