Blue Ridge Wildlife Center is a 501(c)3 organization (EIN-54-1996991). The Center relies on private donations exclusively. Contributions are tax-deductible to the fullest extent allowed by law.

Dear patrons and friends, past, present, and future,

More than twenty-five years ago, Blue Ridge Wildlife Center (BRWC) was founded as a single hotline to help a community that didn't know where to turn when they encountered wildlife in need.

Today, we respond to almost 50,000 calls annually, with thousands of animals arriving at our door in need of care and rehabilitation. Each one presents an opportunity to advance the quality of care we provide and the knowledge we share.

What makes BRWC unique is the depth and integration of our work.

- **IN OUR HOSPITAL**, we are expanding clinical capacity to meet rising demand while maintaining the highest standards of care.
- **THROUGH PROFESSIONAL TRAINING**, we are preparing the next generation of conservation professionals, many of whom are now making an impact far beyond our walls.
- **IN EDUCATION**, we are bringing conservation learning into classrooms in new and meaningful ways.
- **AND THROUGH RESEARCH**, we are advancing understanding of the interconnectedness of all species and identifying emerging diseases that affect the health of animals, people, and ecosystems.
- **AS WE GROW, WE NEED FUNDS TO INVEST** in medical equipment, upgrades to buildings and grounds, professional training programs, student housing, and to increase our research efforts.

Please support our work by becoming a patron sponsor and joining us at our biggest fundraiser of the year, our annual gala. This year, we will be at the Museum of the Shenandoah Valley on Saturday, September 26th. All funds directly benefit our programs, and sponsorship is tax-deductible to the fullest extent allowed by law.

Thank you on behalf of all of us at BRWC!

Sincerely,

Annie Bradfield
Executive Director

Trish Carter
Director of Development
