# NEWBORN SESSION WELCOME GUIDE

LOGAN FAHEY PHOTOGRAPHY

## Hey Mama

*so glad you stopped by*

Pour yourself a cold brew (or a big glass of red, no judgement zone) and make yourself at home. I'm so glad you stopped by!

My name is Logan, but I most often respond to "mama". I'm a coffee shop lover, outdoor adventurer, and Netflix enthusiast. I live for warm summer nights, with the sound of laughter filling our backyard,

Simple family photography is my jam (no ridiculous posing here, pinky promise). Documenting a story that words could never properly tell, is my goal for your family.

My approach to sessions is casual, light-hearted, and always from a mother's perspective. I want these images to bring a smile to your face every time you see them. But even more than that, I want your children to have tangible memories, long after we are gone.

Our kids are the most photographed generation to ever live. Let's not leave them with an outdated device full of snapshots. It is my job to provide you with more than just photos, but an experience from inquiry through delivery. I will guide you the entire process, providing you with an experience you'll look forward to each year.

*here's what you can expect from me*

## **Step 1: Check Availability**

I usually book out a few months in advance. The first step we should take is to be sure I'm available roughly 10 days after your due date. [Click here](#) for online calendar of availability.

## **Step 2: Sign Contract & Pay Retainer**

Once you have chosen a date on my online calendar, you will receive an email with a contract to e-sign to finalize your booking.

## **Step 3: Photo Session**

Your newborn session will be roughly 2 hours long. These either take place in your home or at Cityhouse Collective Studio in Pflugerville.

## **Step 4: Viewing Session**

2 weeks after your session you'll come to my home office (or Zoom call) to view your final collection of finished images. You will narrow these down to your favorites and have the opportunity to upgrade.

## **Step 5: Order is Ready!**

If you have ordered prints, framed photos or albums I will let you know when they are ready, usually within 3-4 weeks!

## *Tips & Tricks*

*smooth & successful newborn sessions*

### ***Tip 01***

Keep baby awake for at least one hour prior to your session. Otherwise, we'll spend more time getting baby to sleep than photographing.

### ***Tip 02***

Plan to give baby a full feeding (and burping) once you arrive at the studio or before I arrive at your home. That way he/she will be nice and happy when we begin the session.

### ***Tip 03***

Take a breath and relax! I promise this will be a stress free session!

### ***Tip 04***

Have baby arrive in a diaper and solid white short-sleeve onesie (or other outfit). That way we don't have to fuss with getting him/her dressed to begin the session.

## How To Book

*ready to join my tribe? sweet, I was hoping you'd say that.*

Let's do this! Next step is to click [HERE](#) to select a session date roughly 10 days after your due date. Once baby arrives, please have your partner email us so we can adjust your date if necessary if you deliver early/late.

Once the booking comes through, you'll receive an online contract to sign and a link to pay your session fee by credit card.

I would love to chat about any questions you may have. Please don't hesitate to reach out at any time.

Looking forward to meeting your little one soon!

xo, Logan
