GREAT THINGS TO KNOW

My collections can just be a starting place for you, so don't stress about wanting something different! My focus is on keeping your day relaxed and happy, so all collections begin with just me as your photographer. I shoot almost all of my weddings solo - but I'm happy to add a second if you prefer!

Every booking gets personalized attention and planning for your day, style guides, vendor recs, timeline guides, suggested portrait lists as well as any other help you might need!

Additional Add Ons: Second Photographer, Bridal Session, Extra Hours, Products, etc..

If you have any questions, feel free to send me a message!
