meet Bella from Bella Rosa Productions

Welcome to Bella Rosa Productions, I'm so happy that you are here! I'm Bella, an outgoing girl living in Miami who loves storytelling. I studied journalism, videography and photography in college, and I'm living out my daydream working as a creative storyteller who loves to capture stories -- which is exactly what I do as a lifestyle photographer and freelance videographer. When I was 13, I developed a raw fascination with cameras; the mechanics behind it amazed me, and I thought it was so cool to see how one click could make a moment last for a lifetime. From the first photo I captured to now -- over 13 years later -- I know that my passion in life lays behind telling stories that deserve to be told and documenting life's sweetest moments for others. I get to do what I love every single day, and I am so grateful. I actively choose to use my passion to give back by capturing stories that are not only important to me, but are important to others. No matter what kind of shoot it is, I always go in with the intention of authentically capturing the moment in front of me. We will never fake anything; instead, I will always capture what naturally comes from my client's heart. My main intention is to always authentically serve my clients. Check out the rest of my Price Guide to learn about the packages that I offer and what it is like to work with me, and if you are interested in investing in capturing your unique story for a lifetime, contact me!

“authenticity with a focus on capturing your unique story and life’s sweetest moments for a lifetime.”

any questions?

your story. your message. your impact. captured for a lifetime.

what kind of photography do you specialize in?

As a lifestyle photographer, I specialize in capturing life's sweetest moments for others. I photograph couples (this includes proposals, engagement photos, and more), families (this includes gender reveals, maternity photos, newborn photos, family portraits, and more), graduates (this includes high school, undergraduate, graduate school portraits, and more), and general portraiture (this includes branding photos for your business, headshots, and more). For specific small events (such as intimate elopments or birthday parties), prices may vary.

what kind of videography services do you provide?

I graduated with a B.S. in Electronic Media from the University of Miami in 2019. I have worked as a freelance videographer since graduating by serving on crews for production companies, covering various roles like Assistant Producer, Camera Operator, Editor, and more. I also have provided my videography services for non-profits that I am passionate about, including Kesem, Shake-A-Leg, and FORGE. Videography is a major passion of mine, and I love creating visual pieces for others -- so much so, that some photography packages described in the next pages also offer video services.

do you reward client loyalty?

One of the best parts of being a storyteller, is remaining the storyteller for a specific client over time. For example, being the person to capture a couple's proposal, engagement photos, gender reveal, maternity shoot, then newborn photos is an honor I will never be able to fully describe. Because of this, returning clients will receive 20 percent off the total price for any following shoots.

any questions?

your story. your message. your impact. captured for a lifetime.

how do you handle editing and returning photos?

I am a fast clicker at shoots, ensuring that no special moment is missed. I prefer to underpromise and overdeliver; the packages listed below describe a minimum number of photos that will be returned, but you can count on it being way more than that number. After the shoot, I import the images into Adobe Lightroom, filter out the unflattering images, edit, and share them back electronically through PixieSet (an incredibly user-friendly online gallery site). For graduate shoots, clients will favorite a specified number from watermarked preview photos to determine how many I will edit and return. Within 14 business days, the edited photos will be returned. Clients are given step-by-step guidance from PixieSet on how to navigate their site, and are able to easily download the high-quality edited images quickly!

are there any additional payments?

If you would like to use my two-sided letter board as a prop for your shoot, there will be a \$5.00 charge. If the booking is made within 48 hours of the requested shoot date, there will be a \$75.00 charge. If the shoot will take place +30 minutes away from where I am based, a \$15.00 travel fee will be applied for each 30 minutes of travel one-way. If there are entrance or parking fees at the location of the shoot, my client will cover this cost, as well. If my graduate client would like more photos returned, there will be an additional charge added based on the number of photos they desire. If my client wants the photos returned within 48 hours of the shoot, a Rush Fee of \$100.00 will be applied. If my client would like a high-quality thumb drive with their images, a \$50.00 charge will be applied. A charge of \$25.00 will be added per 15 minutes of overtime during the shoot.

graduates

“Bella was fantastic during the shoot! You can tell she has experience and knows what she is doing. She guided me on how to do different poses, knew which part of my props/gown/stoles to use when, and made the shoot feel easy and fun! She came prepared and organized with the route of locations and poses on deck! Her warm personality made me super comfortable in front of the camera, which is impressive because I’m usually pretty shy! Overall the photoshoot felt very natural and was a lot of fun!

“I’m not good at the whole ‘modeling’ thing, so I felt pretty nervous going into my shoot. Bella made the process so much easier for me by having a creative and unique vision already planned out for me. I was able to choose which poses I liked most throughout my shoot, which made the experience super comfortable!”

I am so excited to learn more and see if we would work well together! Send me an email to itsbellarosaproductions@gmail.com, and mention the type of session and the package that you would like to choose. From there, we'll chat about a date and time that works the best for the both of us. After we solidify that information, if we decide to go forward, you will receive a contract to read and sign, and an invoice explaining what is due when. Once you have signed the contract and paid the down deposit, we will officially be on our way to capture your story!

How long will it take for me to receive my edited images and/or video?

After your shoot ends, it will take up to 14 business days to receive the finalized edited images. I always overestimate in the number of photos returned, along with the time that it will take to return them, so that way, you can be pleasantly surprised when receiving them earlier than expected. There is a Rush Fee available, as well, which is explained earlier in the Price Guide. For videography, it will take up to 21 business days to receive the finalized edited film.
