

SANDY KURT

Brand Book 2023

Meet the artist

Established 2016

Hey, I'm Sandy Kurt!

Islamic geometry artist, surface pattern designer and educator.

When I'm not in my studio...

I love barefoot walking, early morning sunshine, silence, reading books about health, conscious parenting, and natural agriculture (I also have flaws, I promise), and my love language is words of affirmation. So nice to meet you!

**Now, I don't mean
to brag but...**

I create vibrant and attention-grabbing artwork that's centred around individuality and uniqueness! Do I create magic? No, but I certainly know how to leave people speechless and excited about what I do.

LET'S LOOK AT THE STATS!

I hate numbers... unless they are about my business.

Haven't you heard about me before?

Among other publications, in 2021, I was featured in the famous Turkish newspaper Yeni Şafak. I was also one of the panellists at the Bayt Al Fann "Islamic Art & Culture Digital Festival" in 2022.

I'm most known for my miniature geometry

and my pattern analysis.

My work (and my soul) consists of zellige patterns, bold colours, sparkling gold and a dash of weird humour.

The smallest pattern I have ever drawn is 1 cm wide. I bet you have never imagined that something so small could be so cool.

My Favorite Things...

Line work is my latest geometric obsession

This colour combo is my all time favourite.

Teaching people is part of my DNA.

They're saying...

"Sandy is an amazing artist and works with care and professionalism. She was very friendly and easy to work with. The designs she custom-made for our products were beautiful and have become iconic with our customers. Sandy came up with the concepts, the designs and the printing files which made things very easy for us. We also made video stories behind the designs too!"

TOWARDS FAITH

"I would highlight her passion and love for what she does, the delicacy with which she works and how easy it is to work with her. From the beginning, it was very easy to work with her. Her passion and eagerness is the first thing that caught my attention, over and above the agreements we could reach, you could see that the most important thing for her was to do the job and do it well. In the time we had agreed, she delivered the finished work, which is really amazing and my clients liked it a lot.

Every design is analysed and constructed by me using a compass and a ruler.

From fabric, wallpaper, bedding, bath, baby, and paper party goods to packaged goods, I can create a design for that!!

For the lover of colour and originality
