

Sessions At Home

The session will take about 30 minutes, short and sweet, and is completed in the comfort of your home, backyard, favorite park or a mutually agreed upon location.

\$299 - Includes the session fee and your choice of 8 edited high-resolution digital image files.

Each session will yield 17-20 edited images. If you wish to keep more than 8 images from your session, you can upgrade your purchase to all of the gallery images for only \$100 more. Your online gallery will be emailed to you within 2 days of your session and you can select your images online.

A la carte:

\$50 Additional time - our session allows time to capture baby/parents/siblings. If you have grandparents or extended family to include, let us know and we'll add this to your session.
