So much love XOXO

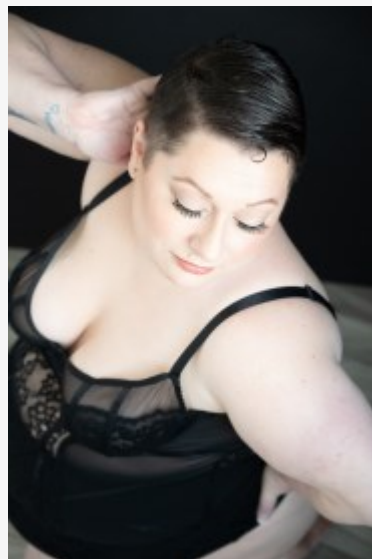

Dawn and Jody are wonderful to work with!!!! I had always wanted to do a shoot but never had the courage. These ladies made my experience comfortable and amazing. I felt like I was hanging with a friend. My session was so much fun and I felt confident and beautiful. I would recommend every woman treat themselves to a session with Black Swan Boudoir. -Julie

Dawn & Jody are a delight to work with. This was my second boudoir shoot, and I was still nervous. The time was filled with music, laughs, and many suggestions to make me look sexy and confident. We even did some experimental shots that came out great. While the experience was great, the pictures are stunning. Treat yourself! -Sharon

"I've been really struggling to accept my new curves and stretch marks and scars after having children, so I did a boudoir photo shoot with Black Swan. It was a ton of fun, they were professional and encouraging, and the photos are stunning! I can pull these out and remind myself that I am absolutely freaking gorgeous, always, at any size. Thank you, Black Swan!" I hope that helps you grow your business. You've certainly helped me remember how sexy I can be, and I am forever thankful! Sincerely, Dana

Absolutely love this company. Jody is super helpful with coordinating everything. Kimberly styled my hair and makeup so I looked flawless. Dawn brought such energy to the shoot, she made it incredibly fun. I felt sexy and pampered the entire time. Could not recommend it highly enough.

DAWN AND JODY ARE EXPERTS AT POSING TO ENSURE WE CAPTURE YOU IN THE MOST FLATTERING WAY.

RELAX AND ENJOY

When it comes to posing we have got you covered. Almost everyone says they're not photogenic. That's ok. It's our job to put you in the best lighting at the best angles and capture you looking fabulous. Almost every client says, "ok, what do I do?" All you need to do is relax and enjoy yourself and be a model for a day. Then, once you get warmed up you'll start moving from a pose on your own and we will give you guidance on how to move and it'll produce the most beautiful variety of photos of you.

We have taken posing classes from the best of the best. We have flown to Las Vegas for posing classes as well as attended classes in Seattle from Australian photographers who fly in to teach classes. And of course, we've taken online classes too. Dawn has 20 years of ballet which helps with body movement. She teaches posing classes to other professional photographers.

We have photographed hundreds of women of all ages, shapes and sizes. You are in good hands. Just relax and enjoy your big day!
