MYERS ENGAGEMENT

kind words

Danielle was an absolute joy to work with and her work speaks for itself! My husband and I are both very introverted, camera shy individuals, but Danielle made us so comfortable and captured us in ways that made it feel natural and easy.

She worked tirelessly our entire wedding day, was always easy to get in contact with throughout wedding planning and was the calm in the storm on the wedding day. I can't recommend her enough! Phenomenal person and such a great experience.

The Process

HERE'S WHAT YOU CAN EXPECT NEXT!

I. INQUIRY

Check our online calendar to see if your date is available, and book a consultation call if you want to discuss your day in more detail.

Look over all our information together, and decide on which package and add-ons best fit your needs!

2. BOOKING

Once you decide to book, I'll set up a personalized wedding booking site for you! On the site you can view the proposal of services, review the contract, and pay your deposit to lock in your date.

We offer Choose Your Own Payment options! When you sign the contract you will be able to split up your cost into monthly payments if you like.

The first 50% of your payments will be counted as a non-refundable deposit, but your date will be officially reserved and locked in as soon as your first payment is made!

3. WEDDING DAY

The day of the wedding all you need to do is get married and enjoy the day!

I'll check in a few weeks prior to the wedding to get a finalized timeline, and I'll show up early to make sure I get all the detail shots we need. I will be there the entire day to document everything as it unfolds.

4. DELIVERY

Your final, complete photo gallery will be delivered to your email four weeks from your wedding day. You'll be able to download the images directly to your phone and/or computer and share the gallery with your family and friends!

BRIDAL PARTY CAM

The Bridal Party Cam is one of our favorite parts of the wedding day!

If you opt to add the Bridal Party Cam to your package, we give a 4k Canon Camcorder to the bridal party to use all day. They can make home movies, interview guests, choreograph dances, or do anything else they think of!

This has been a favorite of all our couples this year.

Your bridal party can capture those raw, behind the scenes moments that we, as outsiders could never get.

So far this year we've seen dances, messages to the couple, interviews with grandparents, and so many other precious memories!

The footage is dropped into a timeline and uploaded to your wedding site, along with all your other films!

FREQUENTLY ASKED QUESTIONS

1. WILL I GET PRINTS?

You will receive print rights to all of your photos, which means that you can order prints, albums, canvases, or any products you like directly from your favorite print lab! I do have a listed of recommended online and local labs that I have used before and trust. Local drugstores - while they're great for snapshots and quick prints – usually don't have their printers calibrated correctly for professional printing, so the colors can come out skewed.

2. DO I NEED TO GIVE YOU A SHOT LIST?

I have had lots of practice shooting weddings and know all the typical shots to get (invitations, rings, cake cutting, family photos, etc.). I will thoroughly document everything going on the day of your wedding. However, if there is something that has special sentimental significance (like napkins that were hand-embroidered by grandma or an uncle that is sick and getting ready to pass away), please let me know, and I will make sure to take extra time and care capturing those things for you.

Also, if you're secretly planning a flash mob, a groom kidnapping (that actually happened once), or any other surprises that I wouldn't normally expect on a wedding day, let me know so I can make sure I don't miss it. During your booking I'll send you a questionnaire that asks about all these things!
