client testimonial

"I will never be able to thank Gracyn enough. I knew when I booked that she would bring my vision to life, but my expectations were completely exceeded. Our wedding would not have been what it was without Gracyn there. Her calming presence and fun energy added so much to our day, and she is so gifted at what she does. i wish I was getting married all over again so I can experience Gray Media all over again! I love her work and passion for it so much. It's so inspiring "

my approach

Intentional, Heartfelt, & Documentary.

As a former bride myself, I know how personal of an experience it is inviting someone into the most memorable, intimate day of your life. Having been on both sides of the camera has heavily influenced the approach I take with each couple.

Your wedding day is about you. Your photos should feel like you - not an inauthentic, perfectly posed version of yourselves. With empathy and insight, I aim to create a safe space where your vulnerable, silly, emotional, and biggest moments can be lived fully... and relived for a lifetime

client testimonial

When JT and I reflect on our wedding day, so many things were amazing & such answered prayers. One of the biggest was Gracyn. I truly do not think that our wedding would have been the same without her there.

Photos are a big part of a wedding weekend and you spend a lotttt of time in front of the camera being the bride & groom. That makes the photographer a big deal because you spend so much time with them!

I'm saying this with 100% of sincerity in my heart, I wish that every single bride & groom had the chance to have Gracyn be a part of their day. She captured not only incredible photos of my husband and I, but she somehow captured every moment perfectly. The big moments that everyone was apart of, but also the small & mundane moments that I don't ever want to forget.

When I was making my photo album from my wedding (full of the most beautiful photos from Gracyn of course), I loved imagining showing my kids the album and them asking me questions. Of course, I had to include a big picture of Gracyn in there because I want to tell my kids one day about how she was one of the most special parts of my wedding day & made the weekend so filled with joy & laughter & love.

Without a doubt she was an Angel throughout my wedding weekend, and it brings me so much joy knowing how many other people she is blessing by being their photographer for their weekend.
