Lifting 40 pounds

SKILL SET

Basic construction,
working with a team,
adaptability, patience

Description & Goals of the Trip

We will assist a Baptist church with a building addition that will alleviate their problem of elderly members having to traverse steep basement stairs to attend church functions. Will need those with all skill sets. Framing is planned to start in late May. Their state convention is providing a professional who will oversee the project and guide teams in the completion of tasks.

Accomplishing the Great Commission

Redeemer Baptist Church is growing and needs additional support in reaching their community with the gospel. Their current leadership is their pastor and one deacon. Rich Fork will provide a team to help them through this step of growth so that they are able to share the grace and truth of Christ even more effectively to all ages in the community. You may view their church website at this link: <https://www.redeemergrangeville.org/>

Long-Term Partnership

This trip is organized through NC Baptists on Mission in conjunction with Redeemer Baptist Church in Grangeville, Idaho. NC Baptists on Mission provides dozens of opportunities across the US each year for teams to go and help smaller churches in similar projects. In the past, Rich Fork has sent teams to places like Alaska, Montana, New Mexico, and others.

Interest Meeting:

February 15th, 2026
