

Fletcher Place Friends,

Another week along our journey of service together. I wanted to share a story of one of our neighbors. We have been helping a young man with food and clothing for several years. He has been homeless and struggling with addiction since he was 16. Now 23, he recently got clean, found housing and a job. Because of the recent events, he was laid off. He came by this week for a sack meal and expressed his fear of the future. Tereasa went outside and spent time encouraging him. We shared other jobs who are hiring as well as information about filing for unemployment. More than food and clothes, this young man thanks Tereasa every time he sees her for not judging him and treating him like family. As you know, Fletcher Place is special because of the grace and encouragement we share daily. Although the delivery of service has changed, that mission will and does continue.

**This week, through your support, we served 412 individual sack meals.**

We will continue to provide daily sack meals through support from our church partners. Going forward, we will continue to serve meals all hours we are open. Also, if sacks are available, we will provide two sacks on Friday to help get through the weekend.

You can continue to help by preparing sack meals, ordering through the Amazon wish list, delivering supplies, or donating money through our website so we can shop for sack supplies or food pantry items.
