## OUAC:

The OUAC university application deadline was January 15, and our dedicated Toronto International Academy staff worked closely with students to finalize their applications! From selecting programs to reviewing submissions, we ensured every student had the support they needed for a smooth process. We're excited to see our students take the next step in their academic journey and wish them the best in their applications to Ontario universities!

## Supplementary Applications and Early Acceptances

With the OUAC deadline behind us, some Toronto International Academy students are now working on supplementary applications, receiving expert guidance from our staff. Meanwhile, exciting news is rolling in—some students have already received early acceptance offers to top programs in aviation, engineering, and health studies! We're proud of their achievements and look forward to more success stories in the coming months. Keep up the great work, TIA students!

## Sports Day

In January, TIA held a Sports Day at the United Soccer Centre. Staff and students went to United Soccer from 1:00pm - 3:00pm and played

soccer and badminton. January was a cold month, but at least we were able to promote good health and wellness through regular exercise, and build camaraderie through competitive games.

## Lunar New Year:

Toronto International Academy rang in the Chinese Lunar New Year with a festive celebration for students and staff! Highlights included a Spin the Wheel game with exciting prizes like gift cards, earbuds, and utensils, plus plenty of candy and snacks! The celebration was made even more special with fresh homemade soup prepared by our Director, Charles Lee. Wishing everyone a year of prosperity and joy!
