

**Sun exposure** with treatments that need clients to be careful with are:

- Laser hair removal
- Laser tattoo removal
- CryoPen
- NeoGen
- All Facials.

**-Laser hair:**

2 weeks either side of holiday.

If they tan well & retain it, then they should wait 4 weeks.

**-Laser tattoo:**

4 weeks either side of a holiday.

**-NeoGen:**

4 weeks either side of a holiday.

**-CryoPen:**

2 weeks either side of a holiday. Ask if they're treating lesions at home & if so to wait until skin has healed. Normally 2-4 weeks.

**-Facials:**

2 weeks either side of a holiday.

Check if the client is sunburnt too, as we can't treat until skin is back normal.
