Very personable, knowledgeable, and professional staff. Great selection, value, and outstanding workmanship. Couldn't be happier. They re-did my entire kitchen with quartz and porcelain countertops, my 3 bathrooms with quartz vanities, and my living room bar with quartz. Everyone who comes to my house is in amazement and probably a bit jealous.... lol Highly recommend Zsolt Granite!

The installers, Leo and Sergio, did a fantastic job. Extremely friendly, prompt and professional. We could not be happier with the installation and are amazed at how well Leo was able to hide every seam. They both took such pride in their attention to detail, which we really appreciated. From our first encounter with the personnel at the warehouse to the installers it was a wonderful experience. Our quartz lives up to its name, impeccable!

They were transparent through the whole process. They stayed in contact on measure and install days. Installers were polite and walked us through each step while they installed. Our counters look great! In today's world you get what you pay for. The price was good and the granite is exactly what we ordered. I count that as a win, win. Would use again if the need comes up.

ENJOY YOUR NEW KITCHEN!

I've been flipping houses for a long time and these are best stone professionals I've ever encountered; and their prices are great too. Amy was a joy to work with and very knowledgeable. Her installers were top notch as well. Having spent a lot of time on this kitchen, I was so relieved to discover that Zsolt was equally meticulous.

I had a great experience with Zsolt Granite on my most recent countertop installation. The piece we ordered came in wrong BUT this company's customer service is AMAZING. So the fix was quick. Everyone involved was courteous, polite, patient, etc. I could not have asked for a better experience. I would recommend them 100%.
