DMK SKIN REVISION | TREATMENT MENU

Welcome to the world of DMK. Its revolutionary concept of **REMOVE, REBUILD, PROTECT, MAINTAIN** aims to match an individual's biochemistry with the appropriate skin therapy. Botanical-based paramedical products, ingredients and technology make up the DMK skincare program.

SKIN CONSULTATION

A full digital skin analysis will allow our highly trained Dermal Skin Specialists to diagnose your skin concerns and prescribe a relevant treatment plan, including home care. Achieving amazing skin results must begin with a correct skin diagnosis. 'Lets Begin'.

DMK ENZYME THERAPY

DMK's famous Enzyme Therapy and skin health revision will give you instant plumping - oxygenating, detoxifying, and energising your skin, using your lymphatic system. This unique treatment brings fresh blood throughout your skin, kick-starting its optimal functioning for long term results.

Level 1 DMK Enzyme Therapy [80 mins] \$185

Detoxifies, purifies, and stimulates skin health for your first visit. Includes deep cleanse, Enzyme Therapy and Transepidermal Infusion.

Cleanse-Epitoxyl · Gentle Exfoliation · Enzyme Therapy Masque · Transepidermal Infusion

Level 2 DMK Skin Health Enzyme Therapy OR Muscle Banding [90 mins] \$220

Removes, rebuilds, protects and encourages your optimal skin health. Includes deep cleanse, pre-exfoliation, Enzyme Therapy and Transepidermal Infusion. Enzyme Therapy and Muscle Banding is available at this level and provides amazing long lasting results.

Cleanse-Epitoxyl · Pre-exfoliation · Enzyme Therapy Masque · Transepidermal Infusion

Level 3 DMK Corrective Enzyme Therapy OR Muscle Banding [100 mins] \$250

Treats dead cell build-up and encourages cellular activity and new collagen and elastin production. Includes deep cleanse, double or advanced exfoliation, Enzyme Therapy and Transepidermal Infusion. Muscle Banding Treatment is available at this level.

Cleanse-Epitoxyl · Corrective Exfoliation · Enzyme Therapy Masque · Transepidermal Infusion

Level 4 DMK Pro Lift Enzyme Therapy [100 mins] \$280

This triple-layered Enzyme Therapy Treatment provides breath-taking results. Desired by many for its instant lifting and tightening qualities, it is perfect for special occasions! Includes a pre-exfoliation, Enzyme #1, #2 and #3 layering, finishing with a Transepidermal Infusion to lock the integral nutrients into your skin.

Cleanse-Epitoxyl · Pre-Exfoliation · Enzyme Therapy Masque Layering · Transepidermal Infusion

DMK NUTRITION TREATMENTS

A bespoke combination of ingredients that address a multitude of skin concerns. This treatment can be customised to suit individual concerns and is suitable for all skin types. A relaxing and nourishing introduction to skin treatments and completely personalised to your skin's needs. Your skin will be deeply cleansed and exfoliated, followed by our signature massage and a corrective mask to replenish the skin. You will feel deeply relaxed, and your skin will glow. The best of both worlds! Who said you can't relax AND get results? We make sure we leave you relaxed and grounded - with glowing skin.

DMK PEELS

Based on our **REMOVE, REBUILD, PROTECT, MAINTAIN** philosophy, DMK Peels revise the architecture of the skin, addressing the underlying conditions to return the dysfunctional areas to optimal health. DMK Peels work below the surface to reveal the strong, healthy, and youthful skin hiding within.

RP Revision Facial [90 mins] \$300

For the client who needs results with minimal downtime. This treatment is the little sister of the full RP Peel. Designed to remodel the skin over a series of treatments, it's perfect for ageing, sun damage, scarring and uneven skin texture.

Cleanse-Epitoxyl · RP Solution · Enzyme Therapy Masque · Transepidermal Infusion

DMK Lunchtime Peel [30 mins] \$150

Reveal refreshed, youthful, radiant skin in just one treatment. This high-powered peel instantly improves the skin's moisture levels, whilst restoring clarity and luminosity. Can be packaged in a course for even more amazing results.

DMK Vitamin A Peels (A1. A2. A3.) [120 mins] \$300

Power-packed results in a short time, these treatments offer the regenerating benefits of vitamin A together with fruit acids to remodel the skin and reveal a smoother more luminous skin. Ideal for ageing, sun damage, scarring and uneven skin texture. These peels vary in intensity and can be applied as a stand-alone treatment or part of a skin revision program.

Alpha Bright De-pigmenting Peel [90 mins] \$300

Alpha Bright De-pigmenting Peel is perfect for revising hyper-pigmentation, skin brightening and evening out skin tone. This treatment leaves the skin vibrant, luminous, and clear and is at a reduced intensity for those who do not want to do the RP peel.

Pro Alpha Peel [4 treatments] \$1200

For those who want to revise signs of ageing significantly and quickly, but do not want to commit to invasive surgery or treatments, the Pro Alpha Peel is ideal. An aesthetic approach to skin restoration, this peel restores the skin into optimal health, encouraging it to perform like when it was young. In just 10 days old, damaged skin tightens, lifts, and peels away to reveal younger-looking, smoother, optimally functioning skin.

RP Peel [4 treatments] \$1200

RP Peel is designed to remodel the architecture of the skin and revise dysfunctional processes that have developed because of ageing and sun damage. This intensive peel is ideal for skin affected by acne, pigmentation, ageing, sun damage, scarring, and stretch marks, as it peels away the old skin and restructures the new skin from deep within.

SKIN NEEDLING

This device gently glides over the skin using oscillating micro needles to create micro-injuries that encourage the skin's ability to repair itself. This stimulates the body's production of collagen and elastin which helps plump, smooth and tighten the skin. Particularly effective for uneven skin tone, visible signs of ageing, scarring, open pores and loose skin on the neck and jawline.

Skin needling with enzyme	\$230
Skin needling stand alone	\$195

DERMAPLANING

A popular treatment using a small surgical blade to manually remove dead cells and vellus facial hair. This treatment is recommended alongside the DMK enzyme therapy. This treatment has no down time and leaves the skin smooth and soft in just one treatment.

DMK LUXURY TREATMENTS

Indulge your skin and senses with our most relaxing and specialised signature facial. Using our luxurious limited products that utilise the most advanced ingredients to address targeted skin functions.

During this treatment your therapist will tailor a non-invasive pre-exfoliant to buff and smooth the surface of the skin, which will be followed by an intense vitamin C infusion. While you relax with our A-lift enzyme masque, your therapist will give you a full arm and leg massage to pass away the time, followed by a beautiful neck and shoulder massage to finish off your experience.

This treatment mimics filler without the injections. It smooths, plumps and hydrates the skin for a fresh tight glowing complexion.
