

Beerwah Glasshouse United Football Club

INFORMATION PACK 2026

This package aims to hopefully answer some of the questions about joining the Beerwah Glasshouse United Football Club. Beerwah Glasshouse United Football Club is based at the Glasshouse Sports Club and is one of a number of affiliated clubs under the Sports Club banner.

Our club currently has teams from Miniroos mixed (U6-U12), Juniors mixed (U13-U18), Girls (U8/9, U10/11, U12/13, U14/15), Community Seniors and up to FQPL3 Mens and Womens. We also run a Little Gees program for 4 to 7yrs old, a 6 week program which is the perfect introduction to soccer – fun and supportive and a great way to build confidence in the game.

Our main platform to share information is currently our Facebook page, so please follow us there for the latest updates and announcements.

Miniroos (U6-U12)

BGUFC competes within the Sunshine Coast Miniroos program. Games are held on a Saturday morning and played across the competing football clubs within the sunshine coast. Players can expect to play half games at home and half away. Training is once a week for u6-u10. Older teams may train twice a week depending on coach preferences. Please note that miniroos have two carnivals during their regular season. This a day of fun that consists of 4 short games played in one location, running from approx. 9am to 1pm. The players all received medals / trophies. These dates will be Saturday 16th May 2026 and Saturday 18th July 2026.

Juniors (U13-18)

BGUFC competes within the Sunshine Coast Juniors competitive program. The first 4 weeks of fixture will be grading games which will then split the teams into divisions. Games are held on a Saturday and played across the competing football clubs within the sunshine coast. Players can expect to play half games at home and half away. Training is twice a week.

Seniors

We have senior men and women teams currently in FQPL3 Prems and U23s. We also have a growing number of community teams in mens and womens.

Presidents Welcome

Welcome to our club! Whether you're returning or joining us for the first time, we're proud to have you as part of our community. As President, I'm grateful to lead a club built on teamwork, respect, and genuine support for one another. Our players, volunteers, families, and supporters are what make this place special, and your involvement helps shape the positive culture we value so much.

This season, I encourage you to enjoy every moment — from training sessions to game days, and everything in between. Support your teammates, challenge yourself, and make the most of the friendships and experiences that come with being part of a strong community club. Thank you for choosing to be here. We're excited for the year ahead and look forward to a successful, enjoyable season together.

Volunteer Levy

Included with the season fees is a refundable volunteer levy. This volunteer levy will only apply once per family. To redeem this levy 5 hours of volunteer time need to be completed. This can be done on any game day or carnival at the club by giving a hand in the canteen, at the bar, coffee station, BBQs and field maintenance. Selling raffles at the Landsborough Pub on a Friday evening is also a fundraiser we always looking for helpers with and is included. Please ensure your hours are noted in the volunteer booklet that is located in the canteen.

Registrations open on 1st January 2026

Players need to complete registration via Squadi (for Football QLD & club membership) and Playfootball (for Football Australia membership). This squadi app is also where you will be able to view your teams fixtures with locations and times. Both these memberships are a requirement before playing at the club. Once registration is complete on the Squadi app you will be automatically forwarded to the PlayFootball Website to complete that membership.

If new to squadi – create a parent account first then children / dependents can be registered under that profile. If you are having difficulty with the process contact our registrar who will be happy to provide resources or troubleshoot your issues.
