Thank you for getting in touch

It's so lovely to hear from you, thank you for trusting me with your beautiful memories.

I know how much you will have to think about, whether you're pregnant, a newly postpartum mama or a mother of 4.

No matter what stage of life you and your children are, it's so important to capture it. So let me make this as easy and stress free for you as possible!

My studio is based at my home to allow me to make you as comfortable as possible with toys, a small wardrobe, and even facilities for your baby to nap if necessary while you sit on the sofa with a cup of tea and a biscuit.

If the great outdoors is more your scene, we can chase the sunsets together whilst your little ones run circles around us!

I'm Lucy!

To me, there isn't anything as inspiring as a mother. We tend to have 21,037 photos of our baby, our baby with our partner, grandparents, siblings.. but rarely with us. It's my mission to change that.

I know firsthand how hard the journey to motherhood can be.

Take this time to celebrate you, your journey, your family and all that you have achieved.

You deserve the opportunity to look back at your photos and smile!

Why me?

Lucy Rose Studios is a judgement-free space to enjoy capturing new memories with your family.

You will be able to relax, have a cup of tea and a biscuit, sit back & enjoy seeing your little one thrive.

I will capture *timeless photos* that will be in your family for **generations.**

Every family has a story to tell, however long and winding that may be; let me be the one to tell yours.

I cannot speak more highly of Lucy, she really made us feel comfortable and at home in her space, capturing beautiful memories - my daughter can be a bit shy sometimes with unfamiliar faces but she instantly fell in love with Lucy and was happy to do whatever she was told to capture great images!

Emily

When is the best time to have a shoot?

MATERNITY: 26-36 weeks pregnant.

NEWBORN: Between 7 and 10 days ideally but up to 4 weeks of having your little bundle of joy

SITTER: When your baby is 6-9 months and can sit unaided, but isn't walking yet (or they'll be toddling off!)

1ST BIRTHDAY: 11 months, so you have the photos back for their birthday

FAMILY: There is no better time than right now!

How do I book a newborn session when I don't know when my baby will arrive? We will pencil in a shoot date for around 10-14 days after your due date. Once baby is here, let me know and we can adjust to suit! It's important to get booked in whilst you're still pregnant.

How do I proceed with a booking? Send me an email with your ideal date, and I'll let you know the next steps!

Can I change my shoot date after I've booked? Yes! I allow all of my shoots 1 postponement option.
