

HELLO & WELCOME TO THE PRICING GUIDE

At Wedding Wall & Co., we design statement installations that blend intentional luxury with effortless sophistication. As a husband-and-wife team, Kaylee brings a refined eye for design and extensive wedding industry expertise, while Ryan's craftsmanship and precision bring each concept to life, resulting in elevated details that feel both beautiful and seamless.

Our offerings are thoughtfully organized into three collections: **Essentials**, **Elevated**, and **Signature**. Each collection serves as a curated starting point, helping couples achieve a cohesive and elevated look while still leaving space for meaningful personalization.

Our Collections are intentionally designed bundles that simplify the design process without sacrificing creativity or individuality. Rather than starting from scratch, couples can select a collection that aligns with their vision and customize the details to reflect their aesthetic, color palette, and wedding story.

For couples envisioning statement moments or installations outside of our collections, our **Iconic Installs** offer fully custom design experiences tailored to your unique vision from concept to execution.

No matter the path you choose, our approach remains the same: thoughtful design, seamless execution, and an elevated experience that allows you to be fully present on your wedding day.

MEET THE COLLECTIONS

Each collection includes a selection of installations created with versatility in mind. While the bundle provides a curated framework, the details of each piece can be thoughtfully customized, allowing your installations to feel personal without the overwhelm of starting entirely from scratch.

Perfect for couples who want:

- ✓ A streamlined yet personalized design experience
- ✓ Elevated details that feel cohesive with their wedding aesthetic
- ✓ A curated foundation with flexibility to tailor the finishing touches

While each bundle is thoughtfully curated, every installation within your collection is personalized to reflect your wedding details. From wording and layout to color, materials, and subtle design refinements, each piece is tailored to feel cohesive with your overall vision. For couples dreaming of expanded customization or statement moments beyond their bundle, additional upgrades and Iconic Installs are always available to further elevate your design story.

WAYS COUPLES OFTEN PERSONALIZE THEIR COLLECTION:

- Swapping small details (ex: luggage tags in place of golf balls)
- Adjusting colors and finishes to align with your palette
- Custom wording, phrasing, or typography choices
- Material upgrades like acrylic, linen, or specialty paper
- Subtle styling changes that reflect your aesthetic

Your collection is the starting point, the details are where your story comes to life

ICONIC INSTALLS

For couples dreaming beyond a curated framework, our Iconic Installs offer fully custom installations designed from the ground up. These statement pieces are created in collaboration with you, allowing us to transform your vision into a one-of-a-kind moment that anchors your wedding aesthetic.

From conceptual design to final installation, every detail is thoughtfully considered. Whether you're envisioning a dramatic seating chart display, a sculptural welcome moment, or an immersive installation that sets the tone for your celebration, Iconic Installs allow creativity to lead the process.

This experience is perfect for couples who:

- ✓ Have a distinct vision or design inspiration
- ✓ Want a statement moment that feels truly personal
- ✓ Are looking to incorporate unique materials, structures, or interactive elements
- ✓ Value collaboration and thoughtful design development

Each Iconic Install begins with a design conversation where we explore your aesthetic, priorities, and event flow. From there, we develop concepts, materials, and execution plans to bring the installation to life in a way that feels cohesive with your overall wedding design

.

Because these installations are built specifically for your event, pricing varies based on scale, materials, and complexity. A custom proposal will be created following your design consultation.
