The Ceremony

Find yourself in the unparalleled allure of North Carolina's climate as you embark on a journey of eternal love in our main ceremony space.

With our breathtaking window wall serving as a captivating backdrop for your grand entrance, picture-perfect moments await you as you say your vows.

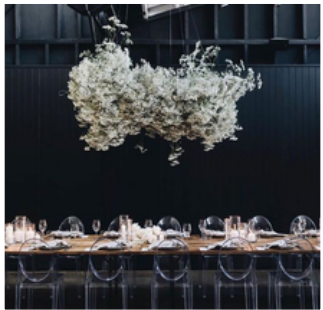

Strategically positioned to face North, this space enjoys abundant shade, ensuring the highest comfort for your guests on such a momentous occasion.

Should an unexpected rain shower bless the day, our enchanting window wall allows Mother Nature to become part of your ceremony rather than the focus. From the safety of indoors, you can seamlessly exchange vows while still being immersed in North Carolina's beauty.

As an added bonus, translucent lattice-backed Chiavari ceremony chairs are included for up to 200 ceremony guests.

The Atrium

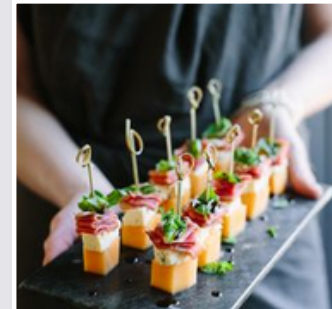

Experience the epitome of elegance in our magical Atrium, featuring soaring 24-foot ceilings that exude an air of sophistication.

Our premium amenities, including custom colored uplighting, lavish lounge sets and a remarkable indoor/outdoor bar, seamlessly combine to create an atmosphere that allows you to dance the night away al fresco.

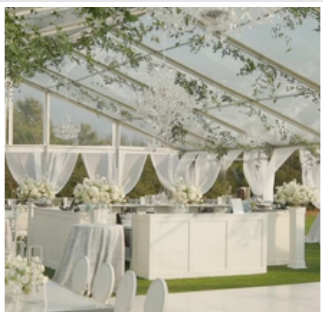

Indulge in unparalleled luxury for up to 250 seated guests. We provide you with tables and chairs for up to 200 guests to accompany the awe-inspiring linens, tabletop and decor you've chosen to create the vision of your dreams.

The Terrace

Enjoy cocktails under the enchanting Carolina sky on our spacious 1,000 square foot Terrace. A carefully crafted ambiance awaits with outdoor lighting, a full and mobile bar, luxurious lounge furniture, tastefully arranged cocktail tables, and the warmth of a captivating fire pit. With breathtaking vistas of the surrounding forest, this idyllic space allows your guests to revel all night long in the experience you've worked so hard to bring them.

The Garden

Immerse yourself in the endless possibilities that await you, crafted to elevate every moment to an extraordinary level of luxury and grandeur. Whether you envision your dream garden ceremony adorned with a crisp tree-lined backdrop or opt for an elegant clear-top tent reception where the starlit sky becomes your enchanting ceiling, embrace the utmost exclusivity as you curate an unforgettable experience.

The Studio

Welcome to our Bridal Studio, where we invite you to indulge in a sophisticated and relaxing environment as you are pampered by your glam squad while taking delight in complimentary mimosas. With your favorite playlist as the backdrop, enjoy creating everlasting memories with your cherished friends and family.

For the utmost convenience and impeccable presentation, our Bridal Studio is fully equipped with premium racks and a portable steamer, ensuring your ceremony garments remain wrinkle-free and expeditiously prepared. Our LED makeup mirrors and ample natural lighting elevate your experience and help ensure your beauty team creates a showstopping look every time.

The Lounge

Experience the pinnacle of luxury as you unwind and relax in leather seating and pro-status lockers, curated to provide the ultimate level of pre-wedding comfort for our esteemed gents.

Craft your own personalized experience, bringing any preferred snacks (to compliment the venue-provided beer), gaming systems, or login to your favorite app on our state-of-the-art smart TV.

Offering a unique experience, our childcare space allows guests to indulge in a kid-friendly environment while still enjoying an adult-focused ambiance that sets the tone for an unforgettable wedding celebration.

Entrust any little ones in the care of esteemed North Carolina licensed teachers, as they create a safe and engaging space where parents can easily check on their children while maintaining an appropriate distance to fully immerse themselves in the festivities.

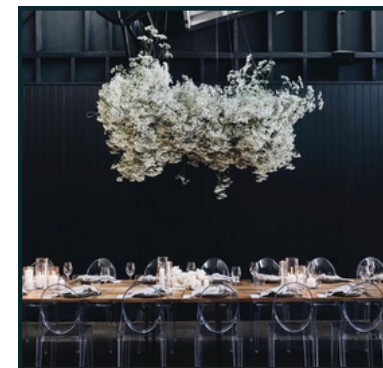

For the utmost convenience and comfort, we also offer a private mother's room, reserved for breastfeeding moms. Complete with a refrigerator for the safe storage of milk, this sanctuary provides a break from the party where mothers can attend to their needs.

Up to 15 children are permitted, age 10 and under. One teacher will be made available per 5 children. A cost of \$15/hour per child will be added to your rental fee with profits going directly to the teachers.
