HELLO

First things first - We assume you're here, because you're about to embark on the journey of celebrating spending forever with your favourite person. What a wonderful adventure! Congratulations! And thank you for considering us to be the ones to capture this celebration for you.

We are Ida and Duncan Irvine. Just two hopeless romantics that happened to document a wedding one day back in 2018, and we haven't stopped since. We fell in love with everything surrounding a wedding: a reason for friends and family from far and wide to come together and celebrate a union between two best friends, lovers, soul-mates, forever partners.

To celebrate! Humans have been coming together to feast, to dance, to laugh and cry together for centuries. This is what we live for, and we daresay, what makes life worth living! We love documenting celebrations like these in a way that is unobtrusive, real, quiet in the quiet moments and loud in the loud moments.

And through all these moments, we want you to feel present, comfortable and beautiful, delivering a gallery at the end of the day that will make you feel like celebrating your love all over again.

SO LET'S JUMP IN

PHOTOGRAPHY

By Ida (or my amazing associate, Suné)

FULL DAY COVERAGE

25 500

This covers full day photography coverage: from getting ready all the way through to the party after the reception. I don't have specific hours, nor a specific amount of photos, because (from experience) I know that every wedding is unique. It's hard to put a cap on the amount of time I need to spend capturing every aspect of your special day, however after ten hours of shooting, we tend to start seeing stars, so I'll check in to see if you have everything you need. Also, if the photo is good, I'll send it. Why put a cap on that?

RELIVE YOUR *WHOLE WEDDING DAY*

OPTIONAL EXTRAS

A few things I would consider adding to your package:

ENGAGEMENT SESSION	I love getting to know my couples. An engagement session is the perfect ice-breaker. You'll get to see what it's like with me behind the camera, we won't be strangers on the wedding day, and you'll have a whole lot of beautiful images to use for Save The Dates, invitations or to print and put up in your home.
2 700	
ALBUM	I am a sentimental hopeless romantic, so of course I would always recommend having an album made of your beautiful day! But this is something that you can always add at a later stage - for example your anniversary. The photos will always be accessible in your online gallery.
4 800	
KEEPSAKE BOX WITH PRINTS	Inside the box, you will find a USB with all your wedding photos, as well as 20 - 30 postcard prints. I know that people don't always get around to printing their photos. And being a sentimental person, having a few wedding photos in a box on your shelf is such a special heirloom!
650	
SECOND SHOOTER	Depending on the size of your wedding and the logistics surrounding it, you can opt for an extra person to capture some of the moments-in-between, or to get a different angle of a special moment. As much as I wish I could, I can't always be everywhere at once, so a second shooter is never a bad idea.
4 500	
FAST TRACK EDITING	Instead of waiting the standard period of 12 weeks for your wedding gallery, you get to jump the queue and get your full gallery within 2-3 weeks after the wedding.
4 000	

VIDEOGRAPHY

By Duncan

A picture may speak a thousand words, but sometimes it doesn't quite capture emotion in the way that movement can. My husband, Duncan, is an expert at creating films that capture the essence of the day and the love shared by you as a couple. I've cried my fair share of happy tears while looking at the films my husband has created and I can't recommend having a film of your wedding day enough!

FULL DAY COVERAGE

18 500

This also includes the day's coverage: from getting ready all the way through to the party after the reception. No specific hours, nor a specific length of film, because of the uniqueness of every wedding. We also try to capture as much of the speeches in audio form as well. And if you have vows, we make sure to record those too.

MOMENTS THAT *MOVE*

OPTIONAL EXTRAS

to make your video a little EXTRA

FULL RECORDING OF VOWS, SERMON & SPEECHES

4 500

This requires extra equipment and editing, however we've opted for always recording vows (if you have personal vows), speeches and the sermon, should you wish to add it to your package from the start, or purchase it at a later stage some time after the wedding.

SECOND VIDEOGRAPHER

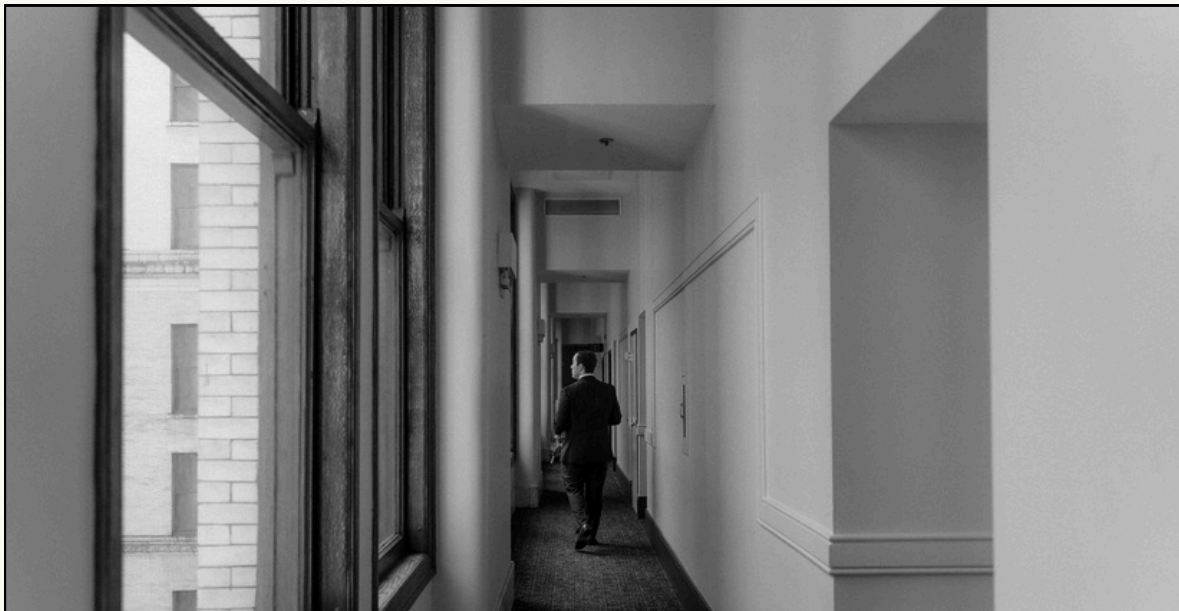

4 500

Much the same as with the photography, Duncan can't be in more than one place at the same time, so having an extra angle, or perhaps someone to capture the canapes while we head off to do the couples session, will never be a bad idea.

DRONE FOOTAGE

COMPLEMENTARY

Duncan always takes his drone, but because the weather can be so unpredictable, and the venue might have certain policies pertaining to drone footage, we would rather not charge extra for it.

HOW IT ALL WORKS

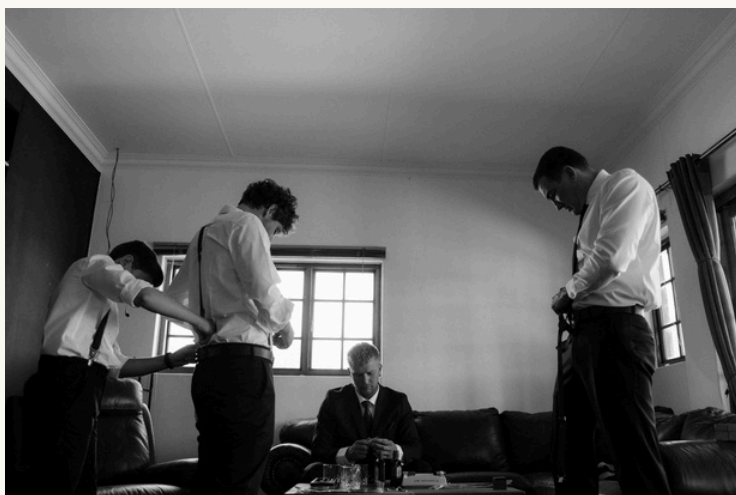

If you feel like we're the perfect match (and you can't imagine your day without us), all you have to do is say "I DO" and I will send the link to your contract and invoice. All I need, is a booking fee of 10k and a signed contract, then we are good to go!

I also offer different payment plans:

After your booking fee of 10k, the remainder of your balance can be split into 2 or 3 more instalments. I will send reminders when the next instalments are due, with the final instalment due 5 days prior to the wedding day.

I will check in with you every now and then just to find out how things are going with the planning, and if there are any questions that might have popped up for me. About a week or two before the wedding, we can schedule a call just to iron out all the details pertaining the logistics, etc. on the day.

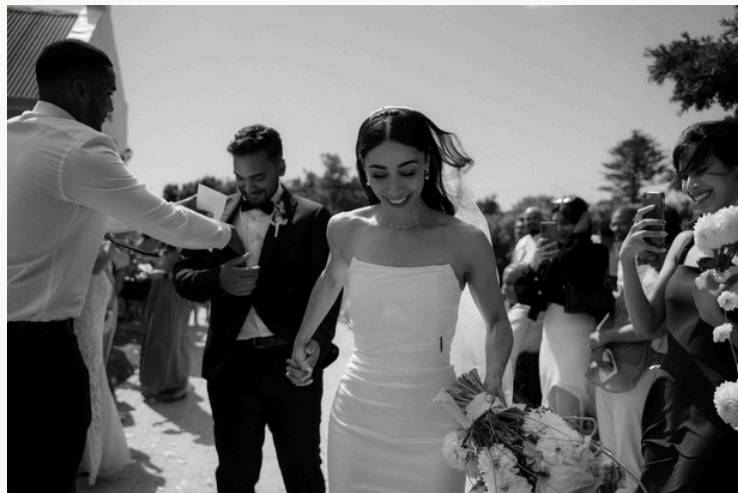

AND ON THE DAY

I (or we) will arrive bright and slightly early just to go around and greet everyone before starting with the getting ready photos. And then we will take the day from there! I will be wallflowering, guiding and prompting (minimally) as the day goes.

About a week after the wedding (if you haven't ordered the fast track editing service), I will send you a sneak peek of about 50+ photos covering all aspects of the day, from getting ready through to the party!

DELIVERY DAY! I will deliver your gallery around 10 - 12 weeks after the big day using an online platform with your high res images that you can send to your family and friends. If you've ordered a keepsake box, this will be delivered slightly after the day of your online delivery.

MY APPROACH – A BONUS GUIDE

TO YOUR WEDDING DAY

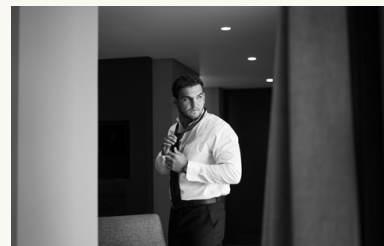

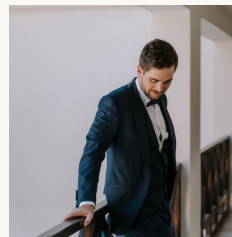

If you decide to hire us as your wedding photographer and videographers, here's how we approach it:

We'll start with pre-ceremony bridal prep and it includes: candid shots of the bride getting ready, with her bridesmaids and any family or close friends getting ready with her. I also like to take photos of anything sentimental – I love details, so this would include the dress, shoes, accessories, rings and perhaps even invitations, programmes or name place-cards (anything sentimental or that you put effort into).

This is also our chance to take beautiful bridal portraits, so I always recommend that your makeup is done at least an hour before you have to leave for the ceremony.

I do like to get a few shots of the groom as well - my brides tend to appreciate a photo or two of their man all handsome and suited up! It usually takes me about 20 - 40 minutes, depending on everything that you would like for me to capture. Here are a few examples:

THE CEREMONY: I will of course be capturing all the significant moments, like ring exchange, vows, the first kiss, candid moments of the guests, etc. This is where all the important stuff happens! I pride myself in being a professional wallflower. You won't even notice me sneaking those shots!

FAMILY PHOTOS: this will take place after the ceremony, before everyone scatters. We can also do a group shot of all the guests here, if this is something you would like. Of course this is optional. Everything is optional. This is just a general guide.

DECOR & VENUE: I promise I won't send you 500 photos of a napkin, but I will take photos of everything I know you've put effort into!

CANAPES & COCKTAIL HOUR: This is where we get the most candid of your guests, and you hanging out with them. I always encourage my couples to take at least half an hour to grab a drink, enjoy some snacks and engage with their guests before we head out to do the couples session & bridal party photos.

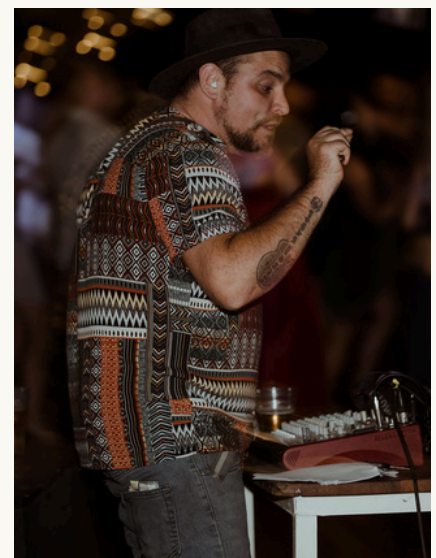

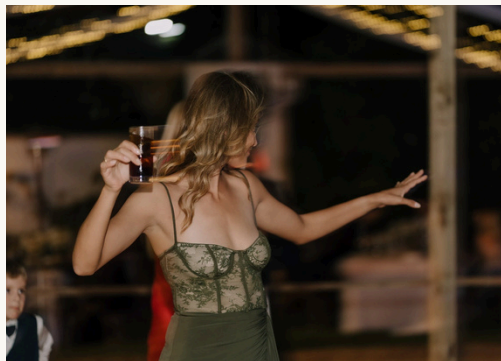

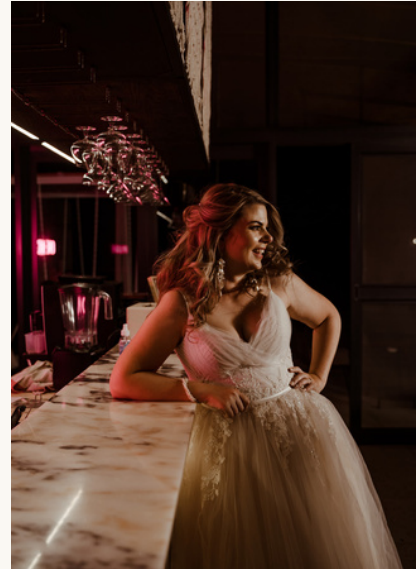

THE BRIDAL PARTY: You, your bridesmaids and groomsmen. I don't take too long capturing these - about 20 minutes, perhaps, if everyone works together. We'll take champagne (or your beverage of choice) and just have a good time!

COUPLES PORTRAITS: Finally, the two of you alone for the first time as newlyweds. I recommend taking along a bottle of bubbles for you to pop and celebrate your union as husband and wife. I'll guide and prompt you, but again - it will be super relaxed, natural and easy. I promise to make you feel comfortable in front of my lens, while also ensuring that you look your best! The best time is usually during sunset, but it doesn't have to be. Whatever you feel fits in best with your timeline, we'll go with that.

THE RECEPTION AND PARTY: mostly informal moments of the couple + guests.
I've added the shots that I got during night time in low light, so you get an idea of how I shoot at night:

SO WHY SHOULD YOU CHOOSE US?

We are simply creatives with a passion for capturing moments that evoke deep emotions when you look at them.

We fell in love with weddings the moment we photographed our first one. And after capturing over 100 weddings, we can't imagine choosing any other career! To us, a wedding represents the essence of what makes life worth living: a celebration of the love shared between you and your best friend, publicly declared before those who matter most. Nowhere else will you find emotions as genuine and profound as on a wedding day. Our goal is to capture these emotions in a way that feels true to the day—unobtrusive yet sincere. With a little bit of guidance, we will make sure you look and feel your absolute best.

Beyond our passion for capturing these emotions, we bring extensive wedding experience. And even with over 100 weddings to our name, we have formed special relationships with each and every one of our couples. Your happiness is our happiness. We will give our all to make sure the day of your dreams is quite literally unforgettable!

ARE YOU READY TO DO THIS WITH US?
