Hello,

My name is Ken Rickard. I would like to take this opportunity to introduce Valley Teachers Group; who we are, what we do and why we do it.

We are Valley Teachers Group. We are a small group of experienced teachers who wanted to do something to help out our fellow educators. We wanted to provide a useful way for teachers to enhance the practice of their craft while offering a pathway to higher salary.

All VTG courses are approved/accredited by Fresno Pacific University, Continuing Education Department for graduate-level credit. We offer a wide range of courses, including but not limited to: Technology, Grant Writing, Google Apps, Relationship building, and more.

Teachers choose VTG courses because they are practical, useful and they get what they want out of the courses. Teachers are actively engaged throughout the self-paced course(s). Each three unit VTG course is equivalent to 45 hours of training.

We are proud to be an educator owned and operated business. All of our partners/instructors are either current classroom teachers or district coordinators with a wide range of content and extracurricular experience.

If you would like additional information, I invite you to give us a call/text (209)648-4446 or email at the address listed above. We all would be more than happy to share more information, answer questions and provide course syllabi or anything else to help you on your journey as an educator. Thank you in advance for your trust in VTG.

Sincerely,

Ken Rickard
