## ***Bare Skin Method: Aesthetic Shadow & Mentorship***

*Intimate learning. Advanced techniques. Train smarter. Inject safer.*

---

The field of aesthetic medicine is growing fast—but with that growth comes more competition. As more providers enter the space, real-world experience and quality education have never been more important.

What many don't realize is that there's no formal certifying body for aesthetic injectables. No clinical rotations. No boards. Just a sea of weekend courses offering "certificates" that all vary widely in quality - with no consistent requirements or standards across the industry.

If you're feeling excited to get started—but unsure where to begin when it comes to investing in your training—you're not alone. And we're so glad you found us.

At Revival, education is at the heart of what we do. Our Bare Skin Method was created to offer something different: an observation-based mentorship experience rooted in safety, anatomy, science-backed treatments, and natural results.

Led by Kelly Jayne, PA-C—a board-certified physician assistant practicing under the supervision of a plastic surgeon—this mentorship experience is designed to give you an intimate view of aesthetic treatments, best practices, and safe technique. With over seven years of full-time work in aesthetics and a decade in clinical practice, Kelly brings extensive hands-on expertise. She is passionate about education and enjoys sharing the signature methods that have delivered the best results for her patients.

---

### ***Don't Just Take Our Word for It***

★★★★★ *"Kelly's training at Revival Skin Studio delivers practical, real-world knowledge in a supportive and authentic setting that leaves you feeling confident and capable."* — **Carly Kunkle, PA-C**

★★★★★ *"As a fellow PA looking to expand my knowledge of the industry, Kelly was a wonderful resource. Her knowledge and talent was exceptional and on full display while I shadowed her. She was open and accommodating while answering any questions I had, from technique to business. I would highly recommend her if you are looking to learn tips and techniques as a practitioner."* - **Harry Chin PA-C**

## **Bare Skin Method: Aesthetic Shadow & Mentorship**

**Full-Day: 1:1 Shadow + Mentorship Training Program**

**Duration:** Full day (6 hours) + 30-minute follow-up mentorship consulting call

**Investment:** \$1,499 due in full at time of booking

### **What's Included\***

- ✓ **One-on-one shadowing** of multiple procedures which may include:: Neurotoxins, Fillers, Biostimulators (Sculptra), Microneedling + PRP, Sclerotherapy, PRP for hair loss, Medical dermatology (acne, rosacea, seb derm, hair loss), Skin consultations + medical-grade skincare, 1064/755 Alex Yag laser treatments (hair removal, pigmented/vascular lesions)
- ✓ **Neurotoxin and/or Sculptra preparation** and reconstitution techniques
- ✓ **Learn to map facial anatomy** and determine muscle-specific dosing tailored to each patient as well as vascular mapping for safe injecting techniques
- ✓ **Observe off-label techniques** including: Microtox, tox for hyperhidrosis, lower-face and neck dosing, filler microdroplet technique
- ✓ **Cannula vs. needle** and how to choose the appropriate size and type for the tissue being treated
- ✓ **Deep dive into product knowledge** including: filler rheology, brand comparisons, reconstitutions
- ✓ **Safety-first approach** covering: vascular mapping, complication management, emergency protocols
- ✓ **Patient consultation strategy** comprehensive approach to meet each person's unique goals.

**Bonus Mentorship Follow-Up Call:** After completing the Bare Skin Method you'll have the opportunity for a 30-minute virtual mentorship call with Kelly, scheduled within 6 weeks of your shadow date. This session will help you confidently move forward in your career. Topics of your choice may include:

- *Starting your own practice (legal structure, malpractice coverage, medical director)*
- *Hands-on training recommendations and how to make yourself stand out as a new hire*
- *Compensation models and business-building tip*
- *Injection techniques and next steps for building your skillset*

## **Ready to Apply?**

*If you align with Revival's core values—patient safety, service excellence, science-backed care, and natural results—then you're in the right place. We can't wait to meet you and share our knowledge!*

To apply, please email **hello@revivalskinstudio.com** and include:

- A short introduction about yourself
- What you're interested in observing (specific skills or treatments)
- Your resume

Please note: we accept a limited number of mentees each quarter in an effort to not overwhelm our patients and to ensure we are able to give 100% to ongoing training of our own employees.

We encourage attendees to obtain a basic understanding of the procedures / treatments you will be observing to make the most out of this experience.

*Questions? We are real people and we are happy to talk more just send us a text or pick up the phone and call 570.213.9216*

---

### ***\* Requirements & Notes:***

- ***Must*** hold a valid medical license (RN, PA-C, NP, DMD, or MD/DO) to participate
    - *Aspiring healthcare students may be considered on a case-by-case basis*
    - *Limited shadow dates available per month*
  - *While we'll do our best to select a day that aligns with your interests, patient scheduled treatments vary and we cannot guarantee you'll observe every treatment / skill / technique listed*
-
