# Getting Started Checklist

Thank you so much for your purchase from MK Design Studio's Showit Template Collection. We are so excited for you to have a website design you love and feel proud of. Before you hunker down and begin customizing your design, please ensure you have:

## DOMAIN NAME CREDENTIALS

First, you'll need a Domain Name — a URL or Web Address. You may use your existing Domain Name or create a new Domain Name.

__ Domain Name:

__ Domain Name Provider:

__ Username:

__ Password:

## BLOG CREDENTIALS

If you are transitioning from another platform (i.e. Squarespace) to Showit, and you'd like your blog posts to be migrated to your new Showit website and blog, be sure to jot down your blog credentials:

__ Blog Login URL:

__ Username:

__ Password:

## SHOWIT CREDENTIALS

If you have not yet done so, please purchase a subscription to Showit. You may purchase any subscription you'd like.

__ Username:

__ Password:
