

Secondary Homeschool Procedures

Application process

1. The application process is the same as for full-time students and consists of an initial tour, followed by the completion of the application process and a student interview
2. Fees related to tuition and courses can be found on the Tuition and Fees Schedule
3. Homeschool students can take one to three courses.
4. Upon acceptance of the student as a homeschool-option student, the family will finalize their class selection upon the publishing of the enrolling year's class schedule and will receive contracts in July

Class Selection

1. Homeschool students need to choose a core course for their first course, and can select a secondary course for their second or third option
 - a. **Core Courses:** Bible, Science, Math, History (11-12 Dual Enrollment), English, 11th-grade Speech/PE
 - b. **Secondary Courses:** Foreign Language 9th-10th, PE 7th-10th & 12th
2. Add-ons with each course selected
 - a. Each course enrollment receives one activity period per week
 - b. Students can try out for Extracurriculars (Soccer, Basketball, Baseball, Softball, Play, Non-Elective Fine Arts)
 - c. Chapel and Lunch attendance are available based on the course schedule
 - i. Chapel is not required, but if a student has a class before and after, then they also need to go to chapel
3. Homeschool students may attend class (homeroom) parties, enrolled-course field trips, and IOWA testing

Guidelines

1. If the student signs up for a first-hour class, they are required to attend homeroom and should be placed on a homeroom roster.
2. If a student is on campus during a time they are not taking a course, they will be assigned to a classroom and placed on that teacher's roster. (For safety reasons, students should not be sitting outside the office regularly.)
