

BIRTH CLIENT GUIDE

KAYLA ROBLES
PHOTOGRAPHY

HI THERE, MAMA!

Welcome to your birth guide!

Here I will discuss birth package pricing, custom package options, add-on services, and what to expect before, during, and after.

Birth is such a special, intimate moment in your story. I want to do my very best to capture these beautiful memories for you to cherish forever.

*with love,
Kayla
Robles*

a little ABOUT ME

Hi friend, I'm Kayla!
The one behind the camera.
I'm also a wife and mom of three.
We have been in Minot for two years now
after being overseas for seven years straight. I
would be lying if I said I didn't miss it.
But I'm loving Minot more and more.

I've been into photography for as long as I can
remember. Having memories in photo form to
look through with my family (especially my
kids) is my favorite!

I started Kayla Robles Photography as a
passion project in 2021 to help others
create timeless memories for their own
families. I specialize in families, mothers,
lovers, and birth stories..

I have a beautiful story
and family of my own.
Two girls and a boy. I
have experienced some
of the most amazing
things life has to offer.
So I know all too well,

time is fleeting

Let's stop time, if even
just for a moment, so
you can hold those
memories close for a
lifetime.
