Family Albums

CUSTOM DESIGNED FOR YOU AND YOURS

Whether you're envisioning something classic and timeless, something full of raw sentiment, or something in between, you will fall in love with one of the many custom album options I offer.

And here's the most amazing thing - your album will be designed and hand crafted the old-fashioned way, by a real, living and breathing human. Working closely with my trusted print lab partners, I'll be making sure every single photo is perfectly edited and thoughtfully situated to tell the unique story of your family.

There's nothing more rewarding than being able to hold the finished product in my hands, even if it's just for a moment, knowing that soon it'll be on its way to you, to be held and treasured forever more.

Please take your time to explore and enjoy all the album options below. If you get stuck or simply can't decide, let me know and I'll be more than happy to help select the perfect options for your family story.

Choose from standard and large sized albums, whichever tickles your fancy. Display your album on your coffee table to be shared with oohs and ahs from family and friends or keep it safely tucked away in the most sacred corners of your bookshelf.

The mini albums are smaller replicas of your family album, available with the purchase of any standard or large album. A thoughtful gift for grandparents.

Each album includes 10 spreads (20 pages). Extra spreads can be purchased - \$90 each for 10x10", \$70 each for 8x8" and \$50 each for 6x6".

HOW TO MEASURE FOR WALL ART

01.

Tape a standard sheet of A4 paper to the wall. This helps me calibrate the size of your wall.

02.

Use your phone to take a picture of the wall with the paper as straight on as possible in a horizontal orientation. Step back as far as you can. Include furniture, windows, or doorways for size reference.

03.

Repeat until you have photographed all of your wall options.

04.

Email or message the pictures to me so I can make suggestions and put together a mock up for the perfect fit.

faq

01. **Why should I print my photos?** Prints are a tangible legacy. Past clients often share how their print pieces become a centrepiece in their homes, bringing them joy with each glance. Imagine sitting with your children or grandchildren years from now, reliving the love and connection captured. Unlike digital images that can be forgotten or corrupt on obsolete technology, a physical print elevates your session experience and becomes a meaningful keepsake. It's not just for you; it's for the generations who will cherish it as part of your family story.
02. **Why not get my prints somewhere else?** While cheaper options do have their time and place, they lack the quality and longevity of professional prints. My prints are museum quality, the rich colours will be printed to perfection and will last 100 years or more with proper care. Plus, I take care of everything from design to delivery - saving you hours of effort. Unlike DIY options that can take years to finish (or never get done at all!).
03. **Do you have payment plans?** Yes, I do! I offer several payment plan options to suit your needs. For more information, please reach out and we can set up a payment plan for you.
04. **If we've booked a Bump to Baby Bundle can we include images from both sessions in our album?** Yes you can! It's very popular to include both maternity and newborn photos in one album.
05. **I don't know which images to print. I love them all! Can you help me?** It's hard not to love them all! But not to worry, I've got you! Book in a Sip & Select call and I can help with filtering the first round of photos, selecting images that best tell your family's story.
06. **How long will it take to receive my prints?** Once your order is placed with my print lab it takes around 2-3 weeks for your prints to arrive at your door.
07. **How do I care for my prints?**
The best way to care for your prints:
 - Keep your prints out of direct sunlight
 - Store your prints in a non-humid, cool, temperate place
 - Store your print flat in its box or framed
 - Handle wearing cotton gloves or with clean dry hands
08. **Do you offer returns?** As your prints are handcrafted, customised pieces, I unfortunately can't provide a refund once it's been printed. In the rare instant your album is damaged in the post or there is a mistake in the album due to an oversight/error (something that you did not approve), then I'll replace your prints free of charge.

Thank you for opening your hearts and homes, allowing these photographs to become more than images; transforming them into lasting legacies of love, laughter, and life.

I am grateful for the opportunity to offer you these keepsakes, knowing they will inspire smiles and conversations for years to come.
