Let's *TALK* SESSIONS

Your senior session should make you feel your very best, radiant, and confident self! You only get to do this once, so it should be extremely special. That is why it is so important to Kelly that she get to know you on a personal level and really use this short amount of time to find your inner light and let that shine through in the flawless images you will receive. Our sessions are designed to be as fabulous as you are, with the locations you want and the looks you love.

IT'S ALL IN THE *d*etails

If you plan on getting your hair cut or styled before your session we recommend you do so at least a few days in advance so that you will have the time to make any changes necessary. Be sure to bring a comb or brush along so that you are able to make any last minute touch-ups! Hands and nails should be clean and well groomed. Girls - we recommend soft colors or clear polish! Blemishes, however, are very easily taken care of and touched up, so you needn't worry. If you wear glasses, most opticians are more than willing to remove the lenses from your glasses and replace them after your session. This is very helpful as it eliminates any possibility of glare or reflection in your lenses and most importantly helps those eyes to really shine through!

1

GETTING READY
FOR YOUR SESSION

Girls - If you have chosen to have your hair and makeup professionally done, we kindly request that you arrive with no makeup applied as we leave the experts to work their magic!

If you choose not to have your hair and makeup professionally done, remember not to overdo your makeup. We suggest bringing all of your cosmetics along so that you are well prepared to make any touchups necessary during your session.

Guys - Facial hair should be neatly groomed, as an unkempt beard or mustache is hard to touch up, even for an expert!

And most importantly, be YOURSELF! This is your day.

2

BEFORE YOUR SESSION

To keep your session running smoothly please pay close attention to the helpful tips we have to offer! We recommend bringing 2-3 outfits, pressed and hung up, that reflect your personality. Always bring more than you think you'll need and Kelly will pull pieces together from your selection.

WHAT TO WEAR STYLING TIPS

At Kelly Braman Photography we LOVE fashion! Have fun with your session! Be you! Accessorize! Soft colors and tones photograph best and please bring more than you think you'll wear. Kelly will help pull outfits together based on location. This is your time to shine!

show your
STYLE
ACCESSORIZE
be YOU

We advise staying away from dark orange, yellow, red and all black. We love pinks, white, peach, denim and navy. Your face is the focus. Anything that distracts from your face does not belong as part of your outfit. Make sure your outfits are clean, well fitted, and pressed.

If you are an artist, budding photographer, skateboarder or cyclist, love to go fishing or skiing, we encourage you to bring items that define your personality. Some students like to include their favorite pet into their session!

PROFESSIONAL HAIR AND MAKEUP

We always encourage our senior girls to leave their hair and makeup to the professionals. Why? Well, because we truly believe that having your hair and makeup done before your session is one of the best ways you can pamper yourself, and look amazing for your portraits! Not to worry - this isn't glamour shots, or the department store makeup counter. Our stylists will work with you to perfect your natural beauty and create a look you love, you can go as natural or as bold as you wish! Be sure to plan a fun night out with your girlfriends after your senior session because you'll be feeling fab-u-lous!

SOME TIPS FOR SUCCESS

We kindly request that you arrive for your professional hair and makeup appointment with a clean, clear, and fresh face with no makeup applied.

Always remember
just how beautiful
you are

beauty begins the moment you decide to be yourself

CITY

Cities are truly amazing places. The dramatic collision of people and architecture gives each city a unique essence and existence. If you love looking and feeling like the girl about town then our city shoot is just right for you!

A woman with long brown hair, wearing a wide-brimmed tan hat, a light blue patterned long-sleeved shirt, and a flowing white skirt, stands in a grassy field. She is smiling and holding a black camera with a silver pop flash. The background shows a line of bare trees under a soft, hazy sky.

FIELD

If you love a more romantic, soft and sweet look then a field shoot is the perfect fit for you! Our field shoots are typically filled with natural, gorgeous, creamy light and pair excellently with anything from a bohemian flower crown and flowy dress, to bare feet and blue jeans! Your field shoot could take place anywhere from the midst of a sunflower patch to your family farm.

LYNDSEY

We love our pictures! From our daughter's senior pictures to our family pictures, Kelly truly captured our personality and feelings, which is one of her many gifts. Her laid back, fun personality makes you feel at ease and special in your moment. It is the little extras that she does that sets her apart from others, along with her attention to quality and detail. Kelly truly loves what she does and it shows! Our family is blessed to know her and would highly recommend her!

LINSIE

Senior pictures with Kelly Braman was an amazing and surprisingly relaxed experience. Kelly took the time to learn about Linsie's style, hobbies, and what made her feel comfortable. I loved that Linsie's pictures were full of sincere happiness and matched her personality so well. Kelly created an instant connection with my daughter which helped Linsie find and portray her natural beauty. Our entire session with Kelly was full of fun memories and many laughs. Thank you Kelly for taking such good care of us!

AUBRY

Kelly is such an amazingly talented photographer and made me feel right at home during my senior session, like I was having fun with a life long friend! She is so relaxed and easy-going and made me feel more beautiful than I ever have. I am so grateful to have these photos to cherish for a lifetime, they are priceless to me!
