Let's create something magical

A woman with dark hair, wearing a light purple sleeveless dress and large hoop earrings, stands next to a large, ornate golden harp. She is smiling and looking towards the camera. The harp is decorated with intricate carvings. The background shows a church interior with a high arched ceiling, a small framed picture on the wall, and a golden candelabra.

Ciao, I'm Stefania!

I've performed at prestigious venues and events across the UK and Italy. I've played at spectacular locations, such as the National Gallery, Natural History Museum, and Drapers Hall, as well as private events for British royalty. Specialising in weddings and private functions, I've performed at nearly all of London's most exclusive venues, including The Dorchester, Royal Automobile Club, Park Lane Hilton, and Annabel's Club. I also offer harp tuition and enjoy playing for corporate events, weddings, and private parties, creating the perfect atmosphere for your special occasions.

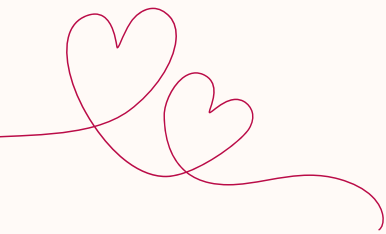

My approach

I believe every wedding is a deeply personal and unique celebration, and the music should reflect that. That's why I love collaborating with couples to create a bespoke musical experience that perfectly matches their vision for the day. Whether you dream of a classical elegance, modern sophistication, or the charm of upbeat pop songs, I will work with you to craft a playlist that enhances each moment, from start to finish.

It's not just about the music, it's about creating an atmosphere that feels completely yours. I take care of every detail, from customising the timings of each piece to taking inspiration from your wedding's theme and aesthetic when choosing my outfits. I want my music to complement your special day in a way that feels effortless, personal, and unforgettable.

Together, we'll make your celebration as magical
as you've always imagined.
