Hi new friend, you've met your new FAV
photographer + videographer team!

Look no further for the perfect inclusive team to perfectly capture your wedding day!! It is so hard to find two styles that you align with for photography AND videography when finding your dream team - that's why I DO IT ALL! I had more than 5 years in the photography field before I made the BIG leap to video and fell in loveeee! I have a team of people I have trained and rely on to help me capture YOUR vision <3

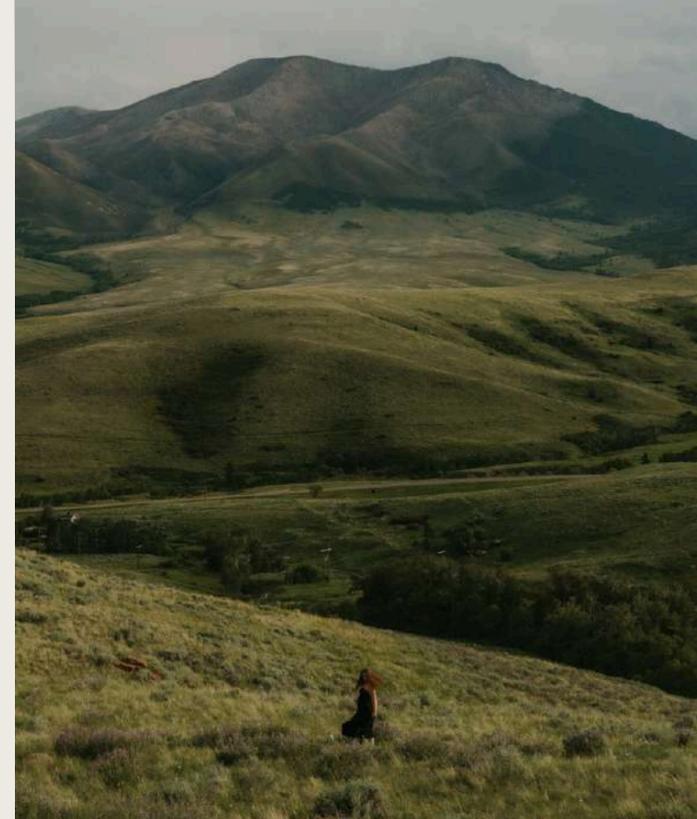

Hey, friend!
—I'm Anna

I'm someone who's going to match your vibe and energy for the day, someone who makes you feel comfortable, happy, and at ease in front of the lens.

I'm someone who's well-educated and knowledgeable in the field, someone who's been consistently shooting weddings for years, in all lights, seasons, and venues. I have shot coast to coast, mountain to mountain, and hall to hall.

If you want photos that show love, emotion, movement, and art, you need Grit and Grace.

I want you to feel at home here at Grit & Grace. I am here for all of the belly laughs and the stumbles along the way! All LOVE is invited and accepted here - EVERYONE is welcome, forever and always

"We love you. We can't thank you enough for capturing us so authentically!"

-Angel and Jose

My Approach

Here is a bit about the approach that I take, and the experience you're about to have with me...

You don't want your wedding day to be endless poses, fake smiles, and group photos - instead, you want someone who knows how to capture the candid, unfiltered moments, someone who captures the emotions of the day, no matter how big or small. You want someone who'll truly capture the story of you in each movement you take, and most importantly, someone who captures the photos you'll want on your mantle forever.

But don't worry, we still capture those poses you want! :)

Second Shooter

"Anna is simply amazing at what she does. She did our engagement photos, wedding photos, and a fun winter shoot. My husband and I are self-admitted awkward people but Anna guides us so well and captured the most beautiful shots.

Now, the turn around time on getting the photos back. She got us sneak peeks within 24 hours each time we did a shoot, and got us our galleries so quickly. We will come back to Anna again and again for future photos!"

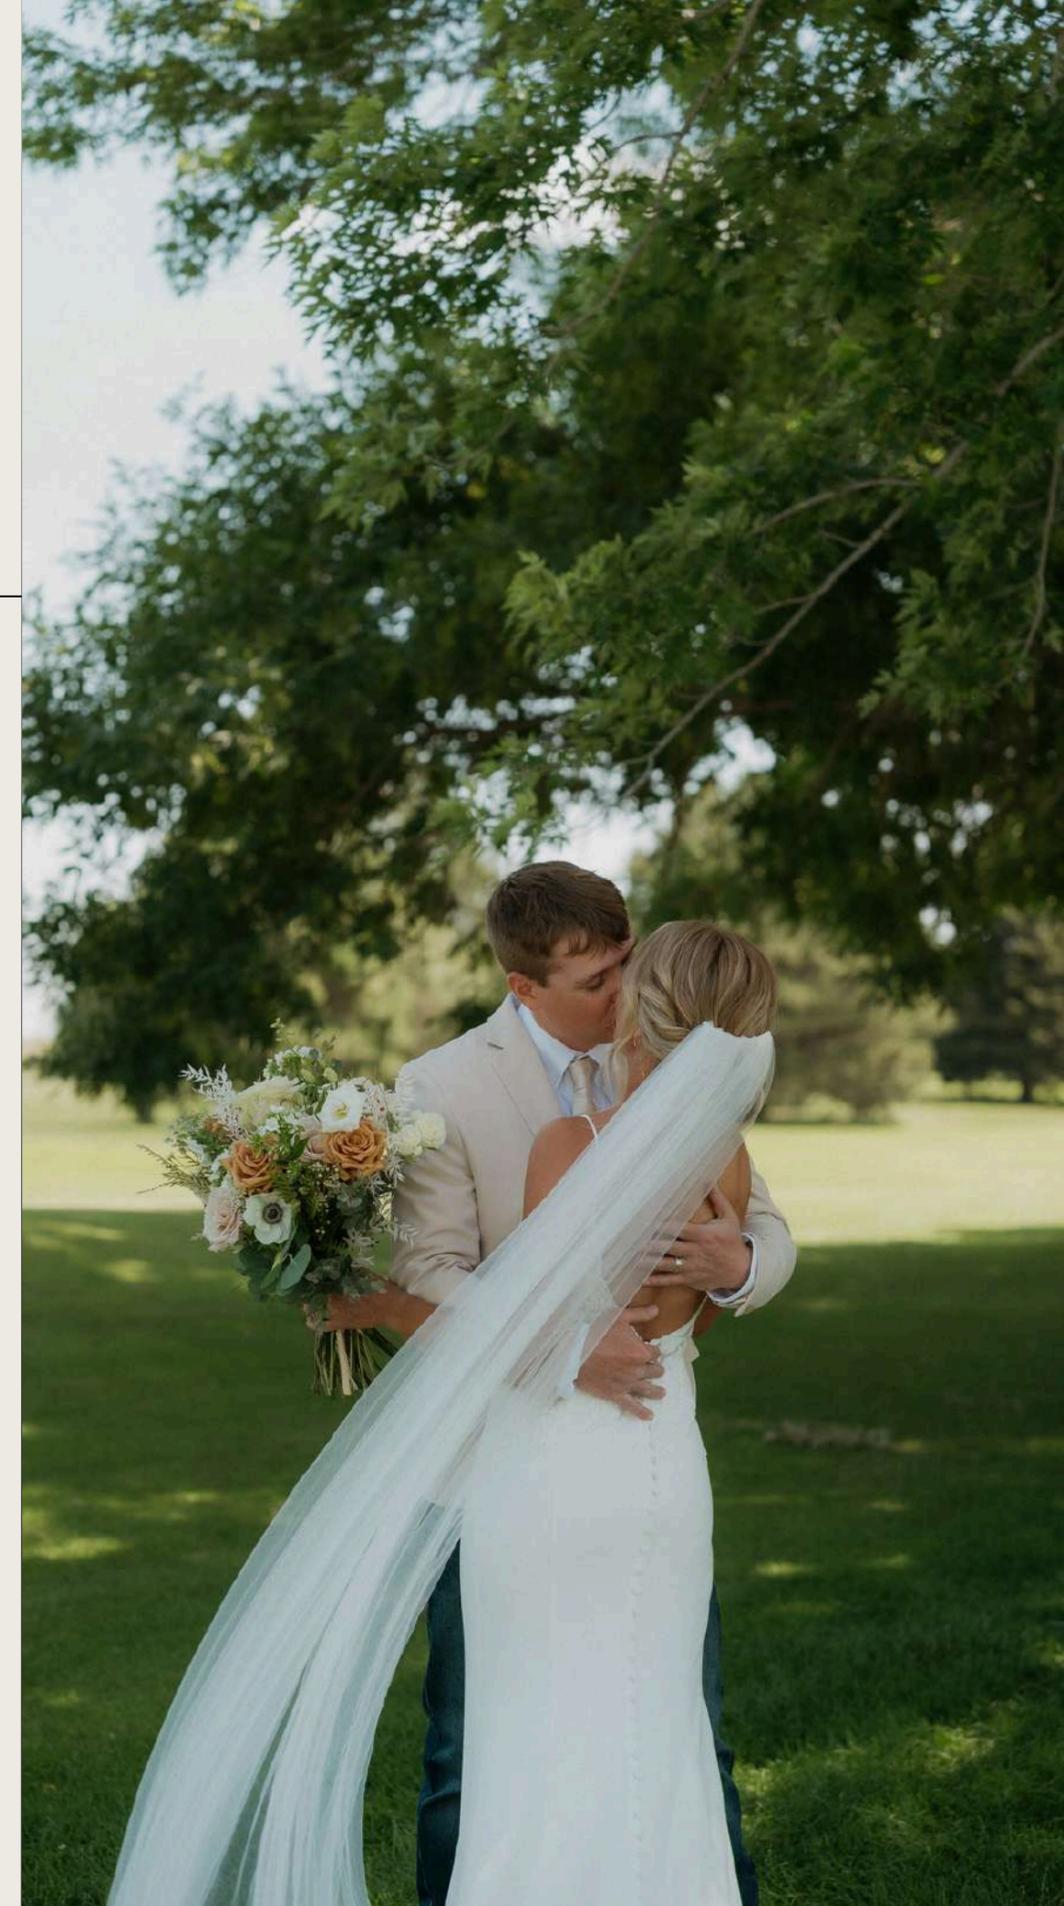

~Chelsie + Levi

While I can easily shoot a wedding solo, here's why your wedding may need a second shooter:

Adding a second photographer can significantly enhance your overall photography experience throughout your wedding day! You will have a more comprehensive vision of your day- start to finish with a completely different set of eyes/camera focal length and viewpoint. The different angles is what makes your final gallery so dynamic and visually creative! Don't even mention having a second set of hands throughout the day and a second set of ears to bounce ideas off of! When two creatives get together- magic can really start to flow! One final thought- peace of mind knowing there are two cameras going all day to capture your day beautifully.

Bridal Portrait Session

Let's get dressed up twice and spend the time to get your DREAM portraits!

Besides getting to wear your wedding attire TWO TIMES, there are a few other reasons I can think of why you should consider this add on!

Wedding days can be very busy- sometimes leading to rushed portrait times! You can plan and plan... AND plan but sometimes wedding days have little bumps in the road. That's okay- we work around this and find a solution! But I have been left to do couples portraits in 10 minutes (many, many times before).

Or maybe you want to just get an extra adventure with your soon to be spouse and get beautiful portraits to ensure you get the photos of your dreams. I mean you are paying for this, I want you to get everything you've ever wanted!

FAQS

How long have you been doing this?

Grit and Grace started in 2020, but I started long before I officially wasn't scared of what others were going to think of me opening my own business.

How many photos do we get?

My smallest wedding package has a minimum of 250 photos. I set a minimum and if I send over- it's your lucky day! My highest package has a minimum of 500 photos. You are always able to purchase more images or your entire gallery.

How do we get our photos?

You will receive an online gallery with your preview within 48 hours, this same gallery link will have your FINAL gallery! This is an online platform I pay for every month called Pixieset. I deliver final films through this same platform OR through VidFlow, which you will receive a custom link to your viewing!

Do you retouch photos?

Yes, I do. However, I like to keep people looking as close to themselves as possible. I am not into the "over-edited" look in photos. The main retouch I do in every image would be facial skin "softening" to give a better complexion look.

Will I receive my gallery sooner than my contracted date?

Good question and I know you want this to be a YES, but it's a maybe. Depending on my work load and the time of year, you might get your wedding gallery back early! What an amazing day if you do! I know you are so excited to see your beautiful images- trust me, I want you to love them!
