

GRADE 4 SOCIAL STUDIES

A SENSE OF LAND

Teacher Prompts

Integration of Indigenous Perspectives

How can storytelling be used to connect students to Indigenous perspectives on the environment?

Mother Earth

How can students understand the concept of "Mother Earth" from an Indigenous perspective?

National Parks

How might we address any misconceptions students have about national and provincial parks?

How can we facilitate student-led ideas for park preservation?

Social Justice

How can this lesson be framed to include aspects of social justice?

Community Integration

How can students be encouraged to apply these ideas in their community?

How might we involve parents in learning about Indigenous perspectives on land?

Outdoor Learning

How can the lesson be adapted for students with limited outdoor experience?

What are some ways to help students respect the land in daily life?

How can we help students see the impact of pollution in protected areas?
