More Details

All packages include:

- Portrait photography styling guide and personalized wardrobe consulting
- On-site photography means we bring everything to you: a studio background, posing equipment, and professional lighting
- Magazine-quality retouching for a natural, polished look
- Online gallery allows your team to easily download images in high resolution and social media sizes for ease of use

Your headshot should showcase the best version of you. That's why I use only the highest quality equipment and work tirelessly to ensure that every photo is stunning.

I look forward to helping you update your professional image!
