and beyond

Mario the Maker Magician brings us a S.T.E.A.M.-infused elementary school assembly show full of original MAGIC, handmade ROBOTS, and punk rock SLAPSTICK. It's fast-paced, interactive, hilarious, educational, and inspirational. "Do what you love, use what you have, and have fun." These tenets of the show are punctuated with personal tales, exploration of important figures in innovation and art, and a whole lot of robot magic hilarity!
