6 WAYS TO GET GREAT SENIOR PORTRAITS

The senior year of high school is a milestone year, and it's often so busy for both the senior and the parents -- doing all the things that must be done to complete a high school career -- that the senior year can be one big blur.

Parents know how important it is to document one of the most notable occasions in their high school senior's life. These images showcase the senior as they transition from childhood to adulthood.

Taking a few minutes to plan ahead will help the senior get portraits that parents will showcase forever at home and share with family and friends.

1

FOCUS

on the things you want to remember most

What will you want to remember most about this year? When planning your portrait session, include activities and props that were important during your senior year

2

SCHEDULE

the session for the favorite time of year!

There's no rule about when the portrait session must take place. Plan the senior session to showcase the senior's favorite time of year!

3

STYLE

Let your style show!

Keep patterns to a minimum to let the focus remain on the senior, and not the clothes.

Grooming Tips

- ✓ Select your outfits in advance
- ✓ Try new hairstyles before the photo session
- ✓ Schedule professional makeup if applicable
- ✓ Moisturize all exposed skin
- ✓ Iron or steam all outfits and accessories
- ✓ No chipped nail polish & clean fingernails
- ✓ Avoid tanning immediately before the portrait session
- ✓ Bring props and comfortable shoes

Have Fun!

A few minutes of planning can ensure that the senior photo session flows smoothly and provides fabulous portraits that seniors and their family and friends will showcase for years to come.

Senior portraits mark a wonderful milestone, and this time is an excellent one to document the year in a fun and unique way.

Freezing special
moments in time
is my superpower
