# ....continued

**The entire party must paint the same design. Each person is free to modify anyway they choose. Instructions will be given according to the sign chosen.**

Virtual paint parties are sent in a prerecorded video format only. Your video will be sent to the hostess ahead of the party date. It is up to you whether you want to gather in person or paint together via video chat.

**Tutorial includes everything you need to know from start to finish, including a lettering tutorial and how to attach your bow. The link to the video will be given to the hostess to share with guests. This video will be available for access indefinitely and can be accessed via YouTube or Zoom.**

A one time delivery fee of \$25 is applied for product delivery prior to the party. Pick-up can be arranged from zip code 75173. Private links will be set up for guests to pay individually or an invoice for the party total will be sent to the hostess.

**The appropriate amount of supplies for the total number of people attending will be provided (including sizes of cutouts.) This will be included in the product delivery.**
