Part IV Supplemental Information. Provide the information required in Part I, line 2; Part III, column (b); and any other additional information.

Part I, Line 2 - Procedures for Monitoring Use of Grants Funds in U.S.

Financial resources are just one of a variety of resources a person or community needs to develop stability and foster growth. We offer financial assistance for basic needs in conjunction with other support services that can best empower community members to avoid homelessness, achieve stability, and move towards sustainability. A volunteer team assesses the individuals situation and determine what resources can best help the individual, whether financial assistance, enrollment in a development program, or referral to another support agency.

Payments for assistance are made directly to the servicing agency and not the client.

Client participation in MSM support programs serves to monitor use of funds.
