COLFAX MAIN STREET - REVOLVING LOAN FUND

ABOUT?

Colfax Main Street knows that business is the lifeblood of its economy. Colfax Main Street operates a revolving loan program for local businesses and industries.

Sometimes, businesses can find themselves in unique situations where conventional bank financing is not an option.

The Revolving Loan Fund program provides low-interest loans for proposed projects that will create new jobs or help businesses maintain or expand objectives. The Fund is intended to provide a financial incentive for business and industries to invest in their own growth by providing "leverage". The funds, therefore, are meant to serve an important, secondary role to the private financing available.

WHO IS ELIGIBLE?

Any business or industry located in the city of Colfax, including start-ups, or any business or industry moving to the City of Colfax may apply.

HOW CAN FUNDS BE USED?

Funds may be used for:

- Acquisition of land, buildings, and equipment
- Building renovation, rehabilitation or equipment installation
- Working capital for inventory and direct labor
- Technical assistance for private business enterprises
- Refinancing, residential construction, specialized equipment not essential to the operation and routine maintenance generally cannot be financed.

ARE THERE OTHER REQUIREMENTS?

It is desired, but not required that there be one new or retained job for each \$10,000 of requested assistance. For example, a \$50,000 loan would create five jobs, or proof that five jobs would be lost to the City of Colfax without funding.

The applicant must demonstrate that project funding is not available through conventional underwriting guidelines with a bank.

HOW MUCH CAN I BORROW, WHAT IS THE INTEREST RATE?

Loan amounts are subject to the availability of funds. The minimum loan is \$2,000. Interest rates vary with the prime rate and are set by the Loan Committee on a quarterly basis. Rates will typically range from 3-5% and typically will not exceed prime rate by more than 2%.

WHAT LOAN TERMS ARE AVAILABLE?

Loan terms depend on the project being financed. Loans can typically be amortized over the lesser of seven years or the life of the security, but the Loan Committee shall determine an appropriate term for each project.

COLLATERAL MAY INCLUDE:

- A first or second lien on assets purchased with the loan.
- A lien on other business assets.
- Personal guarantees.
