# *meet* LIN

Hi! I'm Lin Pernille (*pur*-NIL), the photographer, videographer, and educator behind Lin Pernille LLC. I'm based in Hudson Valley, NY, just north of New York City and North Jersey, but I'll travel just about anywhere for a wedding!

I fell in love with wedding photography when I shot my first wedding at 18 years old. I quickly realized that weddings combined every genre of photography that I loved: photojournalism, still life, portraiture, fashion, and beauty. When I was 20 years old, during my junior year in college, I knew that I had found my passion and decided to officially incorporate my photography business. Since then, I have been lucky enough to capture countless weddings & events of a wide variety of cultures, sizes, and styles.

I'm very passionate about being a small business owner (you can always find a new business book on my nightstand!) and I love sharing that passion with others any chance I get. Every year, I teach workshops & courses to photographers & small business owners of all levels.

When I'm not shooting, editing, or teaching, I'm probably trying out a new keto recipe, redecorating my house, binge watching a docuseries, or hiking a local trail with my fiancé Corrado.

# MY MISSION

There's no greater honor than to be able to photograph a couple's happiest day and for that reason I take my job very seriously. I will always strive to capture the mood, style, and all of the important moments of your day to the best of my abilities, while being attentive yet unobtrusive, and making you feel comfortable and calm throughout the whole day.

My goal is to get to know my couples throughout the planning process so that I can translate their personalities and vision for their wedding through the photos & video.

Beyond delivering clean, timeless, vibrant photos that my couples (and their families) will enjoy for many generations, my mission is to make every part of the experience, from the planning process to the wedding day, as seamless and stress-free as possible so that you can relax and soak in every moment of your wedding day, knowing that all of the photography and video details are taken care of.

I limit the number of weddings I shoot each year so that I can give each couple the time, care, and attention that they deserve. My goal is for you to feel like my *only* clients – if you ever have a question or concern, please know that I'm only a call, text, or email away!

I'm very grateful to be able to do what I love and I can't wait to share more special days with more unique couples. Feel free to connect with me on social media – I love becoming friends with my clients!
