## INTRODUCTION

Caroline's PEACH Foundation is a 501(c)(3) nonprofit dedicated to advancing hope and healing for children diagnosed with DIPG and other rare, aggressive pediatric brain cancers. Inspired by the courageous life of Caroline (Peachy) Kanis, we work to accelerate access to personalized therapies by funding groundbreaking research, walking alongside families in crisis, and bringing beauty and creativity into medical environments through art.

Every dollar raised helps drive forward a future where children facing the unimaginable diagnosis have real hope, real options, and real healing.
