CATALOG & GUIDELINES

WHO WE ARE?

We are wedding and event professionals creating decor, custom lighting designs and impeccable draping throughout New England. We create relationships with our clients to design spaces that are a true reflection of who they are, have a magical and whimsical feeling and carry memories for years to come.

WHAT WE DO?

From design to execution, we do it all. After an initial consultation, we'll put together a design layout for you and we'll add graphics and photographs to our proposals so you have a better understanding of where our design elements will be installed within a space. All of our design products are impeccable and of the highest quality. Our draping fabrics are not only premium and in pristine condition but are also fire retardant.

All of our lighting designs are dimmer-controlled and on your wedding day, we take care of installation and breakdown.

Lighting and draping isn't just another aspect of your wedding;
they are what make your wedding emotionally
impactful and unforgettable!

CEILING DRAPING

HAND DRAPED SWAG

Offers double the amount of fabric panels as compared to other rental companies.

Includes: Puddle coverage. An extra 1' of fabric will be added to each fabric panel so the drapes won't cut off when they reach the floor. Fabric will be secured at the bottom with sand bags so that fabric stays in place.
