

SENSE N' STYLE

Not sure what to wear to your senior session! No Worries, I have got you covered! From what to wear and where to shop! This guide covers it all!

BE YOU!

First off, be you! Wear what makes you comfortable! **DO NOT WEAR SOMETHING SCRATCHY OR UNCOMFORTABLE!** This is supposed to be fun! Pick out your favorite article of clothing and build from there!

SLEEVES!

I am a huge tank top girl, I like the freedom! BUT sleeves photograph better! So if you are like me and just love a good tank, bring a cover up or jacket to pair with it so you have a variety of with and without sleeves!

SIT OR STAND!

Make sure you love how your outfit looks whether you are sitting or standing! We will do both throughout your session! Make sure you love it!

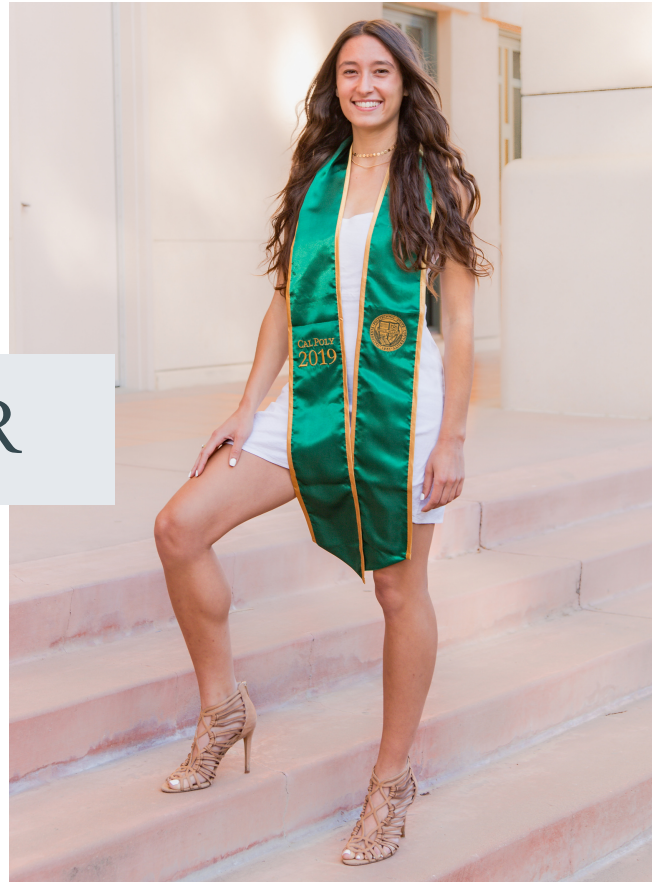

ACCESSORIZE

Jackets, necklaces, hats, earrings, belts, etc! Accessories make your photos pop! <---- A dramatic necklace like this gives "Strike a Pose" a whole new meaning!

SHOW STOPPER

Pick out your show stopper! You get two outfits for your session! So choose a casual and every-day-you outfit and then choose your show stopper! Epic dresses, wind blown hair, feel your moment!

COLORS

Color is so fun! The only color and patterns advice I have is think about your location! What colors will be in the background? Avoid red if your session is in a pine forest! Otherwise you may just end up looking like its Christmas!
