

○ Hi, I'M TRACEY

A creative soul with a love for human connection.

I have always been creatively minded and had a deep love for a true connection between humans, the unpretentious type of connection. I believe, at the end of the day, these true moments, even the smallest ones, are what mean the most. Family is everything and being able to capture these precious memories and stop time and then hand them onto you to be remembered forever and handed down to generations to come means more than you may ever know.

Chat soon, I can't wait to hear all about you and your family.

Kind Words

"We're so, SO glad that we had Tracey as our family photographer. She had such a fun energy and made us all feel so comfortable and very relaxed in front of the camera. She gave us such good direction and it showed in the results. The photos speak for themselves; we are beyond happy and have no words as to how precious they are to us. Thank you, Tracey, hands down the best investment we could've made."

“TRACEY, YOU'RE AN ABSOLUTE GEM!”

Tracey did our maternity shoot for us and we are photos turned out better than we could have very imagined. We then asked Tracey to photograph our new family. Again, she made us feel so at ease and very relaxed...well as relaxed as it can be with a hungry newborn. Another special time in our lives was captured beautifully. It was in the comfort of our own home, and we loved the idea of a doco shoot. We couldn't be happier with how our photos turned out. We loved having Tracey document the moments of our family growing from two to three. We would highly recommend Tracey whatever the occasion.
