# About the Speech Program

**Speech is great for** students that like to work more on their own and wants to gain presentation skills including organizing material with relevant and engaging information along with good delivery.

Students in our Speech program will prepare, practice, and present a PowerPoint or Manuscripted speech and they will engage in Impromptu or Extemporaneous speaking. By the end of the program, students will have improved delivery skills, the ability to communicate ideas more clearly and effectively, and a quality speech to be proud of. Students are highly encouraged to sign up for a culminating experience in a Speech tournament at the end of the program (additional fee).

**BEGINNER SPEAKERS:** Students learn effective content and delivery all while gaining self-confidence. We teach students step by step how to prepare speeches. Students incorporate supporting material into their speeches that keeps audience interest and strengthens their speech argument. Students practice speaking with an emphasis on energetically connecting with their audience including poise and eye contact. Throughout, each student works with other friendly participants who are just as interested in ideas and communication.

**RETURNING/EXPERIENCED SPEAKERS:** Students advance their preparation, practice, and presentation skills. Experienced speakers get advanced work with our instructors to take their speeches from good to great. Students put into practice carefully crafted rhetoric that distinguishes their presentations. Students become more polished speakers delivering in a way that impresses those listening.

# About Fees and the Refund Policy

**Lower income household?** When you register, choose one of the two options for 50% or 95% fee reduction (no forms--just a click). We want our programs to be affordable to all families.

**Fees include:** All instruction in small 6 to 8 person labs for personalized attention, example arguments and speeches, materials with extensive tips, and a feedback system for students and parents that provides guidance for improving.

## Refunds

If you drop 7 or more days before the first class, you will receive 95% refund.

If you drop 72 or more hours before the first class, you will receive 85% refund.

If you drop 24 or more hours before the second class starts, you will receive 65% refund.

If you drop 24 hours or more before the third class starts, you will receive 45% refund.

After the third class, there are no refunds.

We do NOT refund for missing a class, for being late to a class, nor for missing a tournament that is part of the program, nor for dropping the class after the first 3 classes.

Students can makeup missed classes by viewing our program's PowerPoints and/or joining the class on a different day (arrange with Jim Hanson).

You can switch days of the week at no cost IF there is space available to do so. You do not receive a refund for switching to a lower cost program unless you do so 72 hours or earlier of the first class.

You cannot switch to another session such as moving from a Fall to a Winter program.

The refund policy is based on the fact that registration processing takes our time and once we hire a staff member--we have to pay them for the entire program even when students drop and it is disruptive to teams and labs who have to be reconfigured.
