

EMDR TRAINING

Eligibility Requirements

Licensed Mental Health Professionals

- Qualifying medical doctors must be licensed to practice in their state or province.
- Qualifying advanced practice registered nurses must have a Master of Science in Nursing (or higher) with a specialization in psychiatric mental health nursing and must be licensed to practice through their state board or province.
- Qualifying Mental Health Clinicians must have a master's degree in the mental health field (Counseling, Marriage Family Therapy, Psychology, Psychiatry, Social Work) or related mental health discipline and be licensed to practice through their state board or province.
- Individuals who only hold a chemical dependency or substance abuse license are not eligible as these licenses generally do not allow for a mental health scope of practice.

Graduate Students

- Qualifying graduate students must be enrolled in a master's or doctoral program in the mental health field (Counseling, Marriage Family Therapy, Psychology, Psychiatry, Psychiatric Nursing, Social Work) or related mental health discipline. Students must have completed their core graduate academic coursework and must be in the practicum/internship portion of their graduate program. First year graduate students are not eligible. Graduate students must be on a licensing track and working under the supervision of a fully licensed mental health clinician. • Graduate students who would like to take an EMDR Training will need to submit certain documentation (graduate transcript, practicum or internship details, and a letter from their supervisor which includes the supervisor's license information and number) in order to verify their eligibility. Students do not need to provide EMDRIA with any documentation unless specifically asked to do so by EMDRIA staff. Any documentation that needs to be submitted would go directly to the training provider either prior to or during the training registration process.

ELIGIBILITY REQUIREMENTS CONT'

Pre-Licensed Therapists:
