Testimonial

"Life has recently thrown quite a bit of curve balls. From losing my father to losing someone I thought was my soulmate. In the past three years, I've lost myself, and I've questioned God for the adversities. I fell into despair and self-pity, only to be lucky enough to rekindle my friendship with someone that has been my little Angel. With speculation, I joined The Amiga Way Academy led by my good friend Jackie Tapia. Being part of this group has allowed me to "level up" again, but most importantly, I've made friendships with strong ladies that empower women! Jackie's graceful and poised sessions have allowed me to find the strength to confront those adversities. Resources and tools shared in our group have given me the insight to align myself in a higher frequency and to find the true "Me." I had the pleasure of being part of Phase II. I'm grateful for Jackie's leadership and resources. The women in the group are not only friends, but I consider them my tribe! Thank you Jackie "
