## HEY THERE!

It's great to meet you! Well ... Kind-of meet you. Hopefully we can meet face to face sometime soon. We're so thrilled you're considering us for such an incredible day. The two of you are about to start the most challenging, rewarding, exciting, life-changing experience of your lives together - And choosing someone to capture that day through photography is a big decision. Let us introduce ourselves - our names are Emma and James, and we're partners in life and crime. That's us, in the picture above - running through a field like idiots in 20 degree temps. You probably can't tell, but right before this picture was taken, it was pouring down rain, then snowing, and our poor little rental car was wheezing from the Colorado altitude. But we made the most of it, and had a blast. It absolutely exemplified why we love to do what we do. Sometimes things get messy, but that's okay. In any situation, we roll with the punches. And that's exactly what we promise you for your wedding day.

It's important you find someone whose work you LOVE - But we believe it's just as important you find someone who will bring out the best of who you are in your photos. After all - Your wedding day to your soul mate, your best friend, your ride-or-die - it's once in a lifetime. And we are stoked to celebrate with you, and capture everything that makes YOU the couple you are. As for us, we're lovers of adventure, dreamers, artists, nerds, goofballs, and a tad addicted to ice cream. Give us a good photo spot and a hiking trail and we can get lost for hours. We hope this guide gives you an idea of our style, and who we are!

Here's what we're all about: Getting to know you as friends not just a client, a job, or a paycheck. We LOVE getting to see our clients as friends, because when the wedding day comes we get to CELEBRATE WITH YOU! We are adventurers, fearless, and love working with couples who share this adventurous spirit and desire to create something breathtaking that will last a lifetime.

We are the people you spend the most time with throughout your wedding day. The foundation of trust and comfort we've built together reflects in every photo - in the easy way you hold each other, the dirty joke you crack to make him laugh, or the secret language you exchange through looks.

**Your wedding is YOUR story.  
It's beautiful, it's messy, it's totally unique.  
We're wild about capturing every part of it.**

# the details

## EXPLAINED | WHAT WE OFFER

**-HOURS:** We offer 8 hours in our Acadia package, which in our ten years of experience is enough time on the average wedding day to capture main events - some pre-ceremony group images and / or first looks all the way through the highlights of the reception. However, if you want those little extras captured - your decor details, the up-close shots of your rings and outfit details, bride and groom portraits, getting ready and hanging out with your wedding party, extra dance floor time, and your grand exit - we recommend jumping to the Denali or Yosemite package for at least 10 hours, or adding on extra hours a la cart at \$250/hour.

**-Two lead photographers:** As you may have seen on our website, we are a couple with different talents and we shoot every wedding together as a cohesive team to give you a full wedding day experience and to make sure we can be in two places at once! Which is more important than you might think.

**-Full digital gallery:** You'll have access to a gallery delivered digitally, where you and your loved ones can download high-res and social media sized images. No watermarks or weird gimmicks or USB's that get lost in junk drawers. Just easy breezy delivery.

**-Printing rights:** While we DO offer custom designed wedding albums as an add on and have a very convenient, pretty store using professional, photographer-approved printing labs in which you can order canvases and all sorts of goodies - We also don't want you to be beholden to purchasing those things only through us. So, we provide a print release that allows you to go anywhere to get your prints done without legal image rights hassles that you can sometimes run into with print shops and professional photography.

**-Number of images:** A good rule of thumb is to estimate about 75-100 images per hour that we shoot. But we don't limit the end-result files we give you based on some arbitrary number. As many good ones as we have, you get. We don't believe in holding back your memories.

**-Professional Editing:** Our work doesn't stop when the wedding does - far from it. About 20 hours of OCD-esque love is put into meticulously narrowing down your gallery to the very best images and then color correcting them plus a whole lot of other voodoo to make them look dreamy AF. If you saw what they looked like straight out of the camera, you'd swear we were magicians.

# Keepsakes

Trust us when we say there is absolutely nothing like holding your memories in your hands or seeing it on the walls of the home you've made with your partner. Our main photography packages all include digital versions of your images, but to us - these insanely important memories are not meant to be lost in the endless streams of social media or get stuffed onto a harddrive, not to be seen again for years. They are meant to be seen, touched, felt, cherished. An archival-quality album or a big beautiful piece of wall art will keep your epic moments front and center, with the attention they deserve.

## **What if I'm looking for a package I don't see listed?**

Just shoot us an email and let us know what you're looking for! I promise we won't bite.

## **Are there discounts for paying in full?**

Take \$200 off your total when you pay in full up front (wedding packages only). All major credit cards are accepted by our payment system.

## **Do you travel?**

Yes! Worldwide! We love doing destination weddings and elopements, or just an opportunity to travel to other states / countries. Email us with the details and we'll get you a custom quote! Up to one hour from within DFW is automatically included for weddings and bridals, and 5 hours for engagement sessions.

## **Do you back up your photos? What if a camera fails, or if you forget a battery or SD card?**

We always bring an extra camera with us so we have three on us total in case one (or two) fails. We have an obscene amount of batteries and SD cards and there's no way we're gonna be without extras on your day. Backing up photos? Ohhhh yes. Obsessively. Both of our main cameras have dual card slots, which means they record to two SD cards simultaneously in case one gets lost or corrupted, and when we get home from your wedding we immediately back up every card to two external hard drives!

## **Do you offer videography or boudoir?**

We don't, but we're happy to offer recommendations to some crazy talented artists!

## **Can I see some full wedding galleries?**

Of course!! Just reach out and we'll send over some links!

## **Are you LGBTQ-friendly?**

Absolutely. We support love in all forms and we have had several queer-identifying couples.

## **Are you insured? My venue requires it.**

We most definitely are. Documents available upon request.

"Emma and James are more and better than we ever could have expected! They are the duo we all need photographing our weddings + any major life events. They are so cool and down to earth and make you feel so at ease in front of the cameras. The dedication to the craft is absolutely UNMATCHED - literally Emma was on the floor at our reception lol. Not only are they amazing to work with but they deliver TOP TIER QUALITY PHOTOS TOO!! And within a timely manner!

Seriously - we were blown away by our engagement session and our wedding photos... surreal. We're still speechless!! You cannot go wrong with booking Canyon & Pine!!"

- ASHLYN & ZACH

"We set out to have a small courthouse wedding, but they turned it into something truly special for us! From a surprise engagement shoot, to getting the most gorgeous courthouse photos we've ever seen, to taking us all around the city for a post-wedding adventure, I couldn't imagine our day without James and Emma."

- SELENA & KARTHIK

"Such professionals! From the quick responses, through the booking process, and holding their own against a hectic and chaotic wedding day and some tough situations, we were thoroughly impressed with how Emma and James helped our day run so smoothly despite all the setbacks."

- ANNA & JIM

"Emma and James had a beautiful style that my wife and I loved. They captured the little natural moments in addition to getting all of the portraits and big moments of the ceremony. Our gallery was bigger than we expected and accessible online after our wedding day. They were focused on making sure the day went smoothly and letting us enjoy the day with our family and friends without distraction. They hadn't shot a Catholic wedding before and took the time to learn which moments were the most important, and treated the ceremony with reverence. Definitely would recommend to friends, and we already have."
