Finding a company you can trust to pull off all aspects of your luxury event or corporate experience can be challenging. One has to understand the intricate components of such an event and consider every touchpoint and fine detail to ensure guests are engaged and delighted.

At Urbane Designs, we pride ourselves on conceptualizing your event from the birth of your idea to the moment the last guest exits your doors. Depending on the scope of your project, we then create original design concepts, build the team of suppliers, organize bespoke gift bags or hampers, manage the event logistics and more.

We bring a wealth of expertise, artistic skill and brand savvy to create immersive experiences that engage all of the senses while remaining true to your brand or individual style and personality. We offer the following services to support you in planning a high-end event that's every bit of what you envision:

About Urbane Designs

Ignite impulses, stir the imagination and leave a lasting impression at a gathering that is so special and rare, no one can recreate it.

At Urbane Designs, we help you bring people together in a beautiful and meaningful way through luxury events and corporate experiences that ignite genuine face-to-face interaction and engagement. Our events and experiences are immersive and our creative artistry, experience and talent are yours to borrow —at a fee, of course.

The value of a luxury event or corporate experience isn't how much money it costs, but how much quality thought, intention and imagination are poured into it. Not every thought, idea or strategy is equal.

At Urbane Designs, our team sources quality, fine materials and collaborates with top-tier, industry leaders, but we're also a hub of quality thoughts, ideas, creativity and intention.

We're a branch of Exalt Africa whose mission is to esteem Africa by connecting clients and customers to products, places, services and talent in Africa or inspired by her people.

Explore our services below and then reach out to us; we'd love to learn about your upcoming event and see where we fit in.

Wedding and Event Design

Engage all of the senses and immerse you and your guests into a jaw-dropping experience no one can stop talking about.

Depending on the scope of your event and the design support you need, when you hire Urbane Designs, you receive:

Original design concepts including theme, colour palette, stationery, decor accents, tablescapes and linens, centerpieces, floral structures and lighting so that you're confident your designs are being drawn up by the very best

Design execution and installation on-site to ensure that the design concepts drawn up are implemented and installed to perfection.

A visual design plan that includes image inspiration, a colour palette option and brief write-ups and wording that further convey the essence of our idea, so that you gain deeper insight into the design, can offer input and play a valued role in finalising the design prior to its approval and execution.

Decor and furniture sourcing (if applicable) to ensure the final design of the venue lines up with the proposal and original concept inspiration.

Design tear-down and dismantling—Following the event and at the time-frame agreed upon in the design finalisation stage, our team will dismantle the design and handle returning the decor rentals and furniture if we were responsible for sourcing it and hiring the suppliers.

Wedding and Event Management

YOU OR YOUR STAFF SHOULDN'T BURN OUT OR FEEL OVERBURDENED BY PLANNING A LUXURY WEDDING OR EVENT. THE PURPOSE BEHIND A LUXURY EXPERIENCE IS TO CREATE ENJOYMENT, COMFORT AND CONNECTION FOR YOU AND YOUR GUESTS AND IT DEFEATS THE PURPOSE IF YOU EXPERIENCE NONE OF THAT IN THE WEEKS AND MONTHS LEADING UP TO IT.

WITH WEDDING AND EVENT MANAGEMENT, WE HELP YOU REMAIN AT-EASE AND KEEP THE EXCITEMENT BUILDING. WHEN IT'S NOT A SMART IDEA TO ADD THIS LEVEL OF ELABORATE PLANNING TO YOUR PLATE OR YOUR STAFF MEMBERS' PLATES AND YOU RUN THE RISK OF SACRIFICING MENTAL, PHYSICAL OR EMOTIONAL WELL-BEING, WE'RE HERE.

WEDDING AND EVENT MANAGEMENT INCLUDES SCHEDULE AND TIMELINE CREATION, VENDOR COORDINATION, BUDGET MAINTENANCE, DAY-OF EXECUTION AND MORE, SO YOU ENJOY A LUXURY EXPERIENCE AND EVERY MOMENT LEADING UP TO IT.

Food Experiences and Catering

We work with private chefs and top-tier caterers who understand food connoisseurs' palates, five-star presentation and fine-ingredient sourcing expectations to create a food experience that pleases the eye and tantalizes the tastebuds.

Never underestimate the lifechanging power of divine cuisine that is beautifully displayed.

"The connoisseur does not eat food, but tastes its secrets."

Team Building, Corporate Experiences and Experiential Marketing

"Despite its reputation for being, well, lame, team building is the most important investment you can make for your people. It builds trust, mitigates conflict, encourages communication, and increases collaboration. Effective team building means more engaged employees, which is good for company culture and boosting the bottom line." - Forbes, 2016

Whether you want to strengthen employee morale or find relevant ways to engage your target market with relevant marketing experiences, we help you plan and design luxury experiences that create the right culture and unleash the imagination. Everything from wine tasting to boma dinners with traditional dancers, tours and more can be designed to create an authentic and engaging experience.

We work with your team to create the spaces and experiences that help your brand build camaraderie; encourage spontaneous interactions; get people to align with your corporate mission and culture; and spark creativity for the free flow of ideas and innovative solutions, whether it's for your employees or your market.
